

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	 A photograph showing the internal components of the EUT housing. The components include a green PCB with various electronic components, a small metal component, and a battery. The components are placed on a blue background next to a ruler for scale. The ruler shows measurements in millimeters and centimeters.
EUT Housing and Board View 2	 A photograph showing the internal components of the EUT housing. The components include a green PCB with various electronic components, a small metal component, and a battery. The components are placed on a blue background next to a ruler for scale. The ruler shows measurements in millimeters and centimeters.

Solder Board-Component View 1	 A photograph of a green, semi-circular printed circuit board (PCB) component. The component features several surface-mounted components, including a small square chip and a circular component. It is positioned on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component spanning approximately 20 to 40 mm.
Solder Board-Component View 2	 A photograph of the same green, semi-circular PCB component from a different angle. This view shows the underside of the component, revealing solder joints and component footprints. It is positioned on the same blue textured surface next to the same black ruler with white markings, showing a similar size and orientation.
