AILATM
Sit & Play

Intelligent Monitor and Edutainment System

AiLA Sit & Play is an intelligent monitor and edutainment system that comes preloaded with AiLA's enriching and engaging pedagogically solid content for early preschool learning skills, 21st Century skills, STEAM (Science, Technology, Engineering, Art, and Mathematics), and Social Emotional Learning (SEL), all presented through the fun and engaging characters from Animal Island. Powered by cognitive AI, AiLA Sit & Play has the capacity to adapt its curriculum to suit each child's level of engagement. Young children will be able to learn at their own pace, solving problems with compassion as they develop communication and collaboration skills with their dynamic friends on Animal Island. Plus, there are never any ads. Sit & Play also aids parents, saving hours of time spent trying to curate the right content for their child.

Hold the Power Button for 3 seconds to turn off this device when it is turned on.

Connect the USB cable to charge.

Press the Reset Button to restart.

Hardware specifications

Product Name: AILA Sit & Play™
Model: X4C-US19
CPU: 4-core 1.8 GHz
Memory: 2 GB
Camera resolution: 5 million px
Storage space: 32 GB
Screen size: 7 inches
Screen resolution: 1280x800
Microphone: Dual-microphone
Charging Port: USB Type-C
Speaker: Stereo speaker, 4Ω 3W
Operation System: Android 8.1
Battery capacity: 6700 mAh
Power: 5V=2A

Using unauthorized or incompatible power source, charger, or battery may cause fire, explosion, or other dangers.

Please use the authorized accessories, otherwise, you may violate the warranty terms of this device and relevant regulations of this country, and may lead to safety accidents.

Please do not keep the volume too high for a long time to avoid potential hearing impairments.

Please use this device within 0-35°C. When the environment is either too hot or too cold, there may be system failures.

Please do not expose this device and its battery to hot environments or surroundings of heater, oven, or microwave oven. The battery may explode when it is too hot.

When this device is fully charged, please remove the cable connection and unplug the device.

This device is equipped with internal battery that cannot be removed. Please do not change the battery by yourself to avoid system or battery failures.

Please deal with this device and its battery and accessories according to local regulations. Do not dispose them as domestic wastes. The battery may explode if it is not properly disposed.

If unauthorized third-party firmware or OS are used for updates, this device may accidentally unavailable, and your personal information may be exposed to others.

 FCC WARNING

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

To maintain compliance with FCC's RF Exposure guidelines, This equipment should be installed and operated with minimum distance between 20cm the radiator your body: Use only the supplied antenna.

FCC ID: 2AU9S-X4C-US19

CHOKING HAZARD -Small parts. Not for children under 3 year.Adult supervision required.

This product can expose you to chemicals including Antimony Oxide (Antimony trioxide), which is known to the State of California to cause cancer and Bisphenol A (BPA) which is known to the State of California to cause birth defects or other reproductive harm.
