A photograph of a green printed circuit board (PCB) with various electronic components. The board is irregularly shaped with rounded corners and several mounting holes. A large, square, silver-colored integrated circuit (IC) is mounted in the center, with the label 'A1' handwritten in black marker on its surface. To the right of the IC, there is a small black rectangular component, possibly a battery or a sensor. Below the IC, there is a USB connector and some other smaller components. The board is placed on a blue surface next to a black ruler for scale. The ruler shows measurements in centimeters and millimeters.
