**Statement of re-use of original test results of approved radio modules  
according to KDB 996369 D02 Module Q and A v01 Q1(a)**

Reference of new FCC ID application:

|                          |              |
|--------------------------|--------------|
| Applicant: Exelonix GmbH |              |
| FCC ID:                  | 2AUC4-UC4GNF |

We, the undersigned, hereby declare that our radio device hosts the following approved radio module(s)

|                                                        |              |                  |                       |
|--------------------------------------------------------|--------------|------------------|-----------------------|
| Grantee: TELIT COMMUNICATIONS S.P.A.                   |              |                  |                       |
| Type of Module: WCDMA and LTE cellular wireless module |              |                  |                       |
| FCC ID:                                                | RI7LE910CXNF | Report Reference | 1870209R-HPUSP17V00-A |

|                 |  |                  |  |
|-----------------|--|------------------|--|
| Grantee:        |  |                  |  |
| Type of Module: |  |                  |  |
| FCC ID:         |  | Report Reference |  |

The module(s) is/are installed according to the installation instructions of the module manufacturer(s) without modification. The original module test report(s) accurately represent all conducted measured test results under the new conditions. All radiated measurements according to the applicable radio standard(s), the rf-exposure and simultaneous transmission evaluation are performed and reported for the entire host.

Sincerely,

  
Matthias Stege  
Managing Director
