Do not ingest battery, Chemical Burn Hazard

This product contains a coin / button cell battery. If the coin / button cell battery is swallowed, it can cause severe internal burns in just 2 hours and can lead to death.

Keep new and used batteries away from children.

If the battery compartment does not close securely, stop using the product and keep it away from children.

If you think batteries might have been swallowed or placed inside any part of the body, seek immediate medical attention.

**CAUTION**

Risk of explosion if the battery is replaced by an incorrect type. Wait one-half hour after switching off before handling parts.

- Replacement of a battery with an incorrect type that can defeat a safeguard;
- Disposal of a battery into fire or a hot oven, or mechanically crushing or cutting of a battery, that can result in an explosion;
- Leaving a battery in an extremely high temperature surrounding environment that can result in an explosion or the leakage of flammable liquid or gas;
- A battery subjected to extremely low air pressure that may result in an explosion or the leakage of flammable liquid or gas.

The device for operation in the band 5150-5250 MHz is only for indoor use to reduce the potential for harmful interference to cochannel mobile satellite systems.

RF Specifications:

Frequency range: Bluetooth: 2402 ~ 2480 MHz, 2.4G WIFI: 2412-2472MHz,

5G WIFI: 5150 MHz ~ 5250 MHz, 5725 MHz ~ 5850 MHz

Wireless Transmit Power(EIRP): Bluetooth: <10dBm, 2.4G WIFI: <7 dBm, 5G WIFI: <7 dBm, <7 dBm

This symbol on the battery(ies) or on the packaging indicates that the battery(ies) provided with this product shall not be treated as household waste. Instead, please separate battery(ies) from other types of waste and recycle it(them) through your local recycling system to protect environment and health. The chemical symbol for lead (Pb) is added under this symbol if the battery(ies) contains more than 0.004 % lead. For more detailed information about recycling of this battery(ies), please contact your local authority or the shop where you purchased the product or battery(ies).

Step 1

Option 1: Fix the GOGET
wall mount on the wall
with screws and allround
screw plugs.

Option 2: Use 3M tape
(170*131*1.1mm) to attach
the GOGET wall mount to
the glass.

Option 3: Use VESA mount (not included)
Supporting VESA standard
VESA MIS-D75(75*75mm)
Supporting screw: M4*5mm
(exclude the mounting plate thickness)

Step 2

Insert the cables from
the bottom or the back.

Step 3

Attach the Panel PC to the
wall mount. Apply an even
pressure over the surface/side
corners until all 6 snap fit joints
lock in place.

Step 4

Lock the screw on the top.

Step 5

Waste Electrical and Electronic Equipment-WEEE

Disposal of Waste Equipment by Users in Private Household in the European Union. This symbol on the product or on its packaging indicates that this product must not be disposed of with your other household waste. Instead, it is your responsibility to dispose of your waste equipment by handing it over to a designated collection point for the recycling of waste electrical and electronic equipment. The separate collection and recycling of your waste equipment at the time of disposal will help to conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment. For more information about where you can drop off your waste equipment for recycling, please contact your local city office, your household waste disposal service or the shop where you purchased the product.

Europe – EU Declaration of Conformity

This device complies with the requirements set out in the Council Directive on the Approximation of the Laws of the Member States relating to Electromagnetic Compatibility (2014/30/EU), Low-voltage Directive (2014/35/EU), RoHS directive (2011/65/EU), and Radio Equipment Directive (2014/53/EU).

Warning:

This equipment is compliant with Class A of EN55032. In a residential environment this equipment may cause radio interference.

Federal Communications Commission (FCC) Notice

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his own expense.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Radiation Exposure Statement:

This equipment complies with FCC/CE-RED radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

Power Adapter information:

Model No.: MS-H2000R120-024Q0-ZZ

INPUT: 100-240V ~50/60Hz 0.7A

OUTPUT: 12V = 2A

Operating Temperature: 0-45°C

This product is used in child-free environments and is not accessible to children.
