

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS**EUT Housing and Board
View 1****EUT Housing and Board
View 2**

Solder Board-Component View 2	 A photograph showing the solder side of a circular yellow printed circuit board (PCB). The board is populated with various electronic components, including a large yellow electrolytic capacitor, several blue and red electrolytic capacitors, a black integrated circuit, and various resistors. A metal ruler is placed horizontally below the board, showing measurements in centimeters (0 to 9) and millimeters (0.5 to 10). The background is a blue textured surface.
Solder Board-Component View 3	 A photograph showing the solder side of a circular green printed circuit board (PCB). The board is densely populated with numerous small surface-mount components, including resistors, capacitors, and integrated circuits. A metal ruler is placed horizontally below the board, showing measurements in centimeters (0 to 10) and millimeters (0.5 to 11). The background is a blue textured surface.

Solder Board-Component View 4	 A photograph showing a small, square, silver-colored component labeled "LR2883-C4/C1" mounted on a blue textured surface. The component has a central blue circular feature and several yellow rectangular features. It is positioned next to a metal ruler with markings in centimeters (0 to 9) and millimeters (0.5 mm to 9 mm).
Solder Board-Component View 5	 A photograph showing a square, silver-colored component with four blue circular features at the corners and one in the center. It is positioned next to a metal ruler with markings in centimeters (0 to 8) and millimeters (0.5 mm to 8 mm).
