

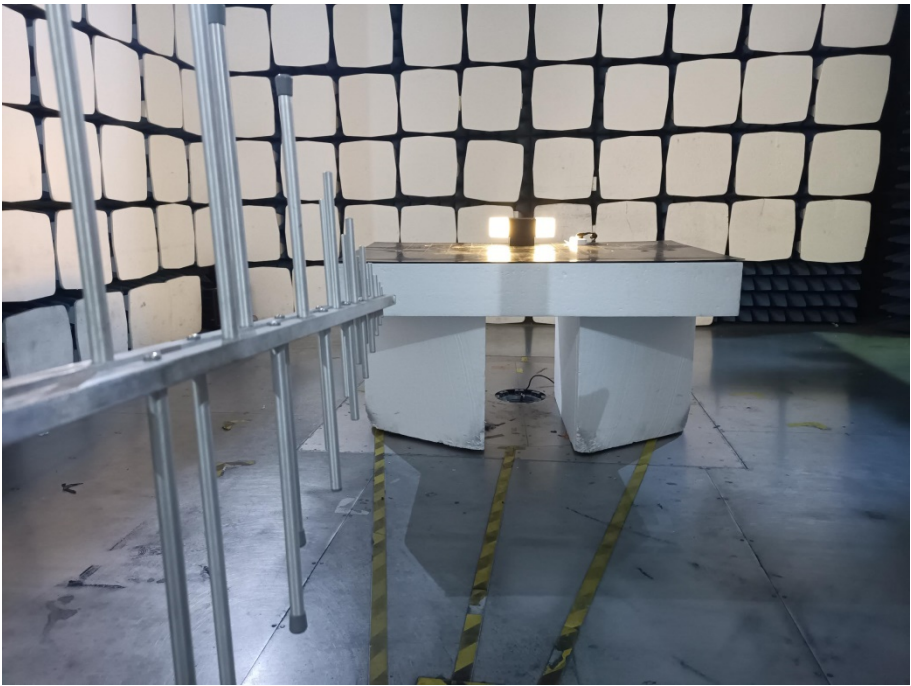

EXHIBIT 4 - TEST SETUP PHOTOGRAPHS

Conducted Emission Test Setup	 A photograph showing a conducted emission test setup. On the left, a blue and silver EMC test receiver is placed on a wooden bench. A red cable connects it to a power supply unit on the floor. To the right, a white test device is placed on a wooden stand. Two bright light fixtures are positioned above the stand. The background is a plain wall with a power outlet.
Radiation Emission View(Below 1GHz)	 A photograph showing a radiation emission test setup. A white test device is placed on a white stand in the center of a room. The walls are covered with white, square-shaped electromagnetic interference (EMI) shields. In the foreground, there are several vertical metal poles. The floor is concrete with yellow and black striped safety lines.
