

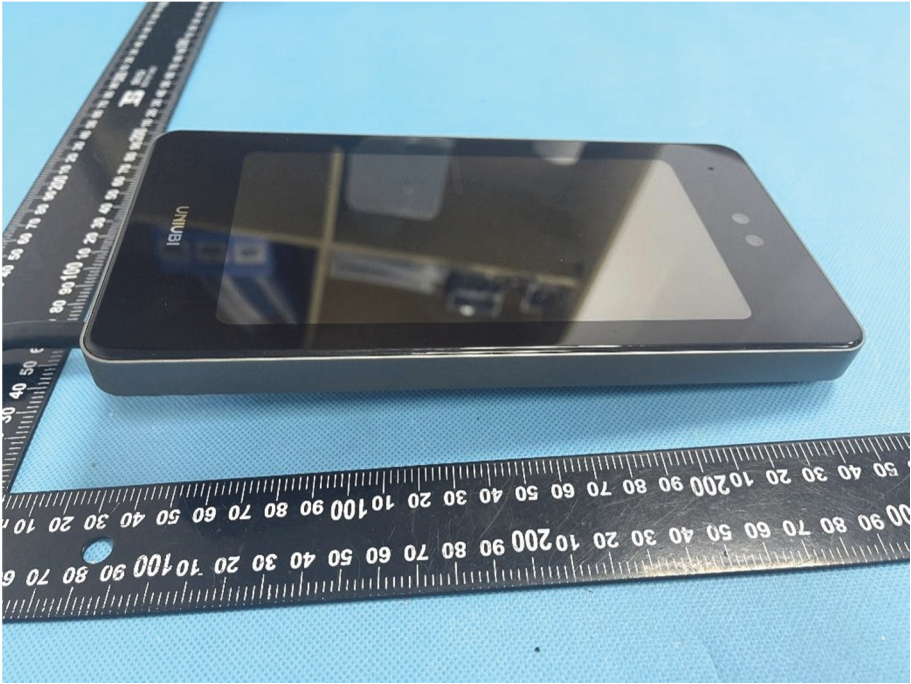

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A black handheld electronic device (EUT) is shown vertically. It has a large rectangular screen and a small circular feature at the top. A black cable is connected to the bottom. The device is placed next to a ruler for scale. The ruler is marked in centimeters and millimeters. The background is a light blue surface.
EUT View 2	 A black handheld electronic device (EUT) is shown at an angle. It has a large rectangular screen and a small circular feature at the top. A black cable is connected to the bottom. The device is placed next to a ruler for scale. The ruler is marked in centimeters and millimeters. The background is a light blue surface.

EUT View 3	 A black rectangular device, likely a mobile phone or PDA, is shown from a top-down perspective. It has a large screen and a small speaker or sensor at the bottom. A black cable is connected to the top. The device is placed next to a black ruler with white markings for scale. The ruler shows measurements in centimeters and millimeters. The device is approximately 10 cm wide and 6 cm high.
EUT View 4	 A black rectangular device, similar to the one in View 3, is shown from a top-down perspective. It has a large screen and a small speaker or sensor at the bottom. A black cable is connected to the top. The device is placed next to a black ruler with white markings for scale. The ruler shows measurements in centimeters and millimeters. The device is approximately 10 cm wide and 6 cm high.

EUT View 5	 A black mobile phone is shown from the front, lying on a blue textured surface. A black ruler with white markings is placed horizontally below the phone. The phone has a large screen and a small camera lens at the top center.
EUT View 6	 The back of the mobile phone is shown, lying on a blue textured surface. A black ruler with white markings is placed horizontally below the phone. The back cover is black and features a rectangular cutout for a camera lens and a small label with technical specifications and a QR code. A black cable is plugged into the bottom of the phone.
