Solder Board-Component View 3	 A photograph of a green printed circuit board (PCB) component, labeled 'UNIB1-1052-LED-REV1.1_20010223', featuring ten surface-mount LEDs. The component is positioned horizontally against a blue textured background. A black ruler with white markings is placed below the component, showing a scale from 0 to 100 mm. The component's length is approximately 80 mm.
Solder Board-Component View 4	 A photograph of a silver-colored PCB component, likely a heat sink or a different type of LED assembly, positioned horizontally against a blue textured background. A black ruler with white markings is placed below the component, showing a scale from 0 to 100 mm. The component's length is approximately 80 mm.

Solder Board-Component View 5	 A photograph of a green printed circuit board (PCB) component, labeled '5', placed on a blue textured surface. The component is rectangular with various electronic components and a large circular copper pad. It is positioned next to a black ruler with white markings, showing dimensions in millimeters. The ruler has markings from 0 to 100 mm on the top and bottom edges, and from 0 to 10 mm on the left edge.
Solder Board-Component View 6	 A photograph of a green printed circuit board (PCB) component, labeled '6', placed on a blue textured surface. The component is rectangular with various electronic components and a large circular copper pad. It is positioned next to a black ruler with white markings, showing dimensions in millimeters. The ruler has markings from 0 to 100 mm on the top and bottom edges, and from 0 to 10 mm on the left edge.
