Important! Importante! Wichtig!

Voice Activated Batmobile™ must always be connected to a power source when in use.

Lorsque vous utilisez la Batmobile™ à activation vocale, vous devez toujours la connecter à une source d'alimentation.

El Batmóvil™ activado por voz siempre debe estar conectado a una fuente de energía durante su uso.

Das Batmobile™ mit Sprachsteuerung muss immer an eine Stromquelle angeschlossen sein, wenn es verwendet wird.

La Batmobile™ con attivazione vocale deve essere sempre collegata a una fonte di alimentazione durante l'uso.

User must be within a 1 meter range for the Batmobile to detect voice commands.

L'utilisateur doit se tenir à 1 mètre de distance pour que la Batmobile puisse détecter les commandes vocales.

El usuario debe encontrarse a menos de 1 metro del Batmóvil para que se puedan detectar los comandos de voz.

Der Benutzer muss sich innerhalb von 1 Meter befinden, damit das Batmobil Sprachbefehle erkennen kann.

L'utente deve trovarsi entro un raggio di 1 metro affinché Batmobile possa rilevare i comandi vocali.

All other functions must be paused for the Batmobile to register new voice commands.

Toutes les autres fonctions doivent être mises en pause pour que la Batmobile enregistre de nouvelles commandes vocales.

Deben detenerse todas las demás funciones para que el Batmóvil pueda registrar nuevos comandos de voz.

Alle anderen Funktionen müssen angehalten werden, damit das Batmobil neue Sprachbefehle erkennen kann.

Tutte le altre funzioni devono essere messe in pausa affinché Batmobile registri nuovi comandi vocali.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following 2 conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

Caution: changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.
Increase the separation between the equipment and receiver.
Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
Consult the dealer or experienced radio/TV technician for help.
