THE Joker PRANK SHOP™

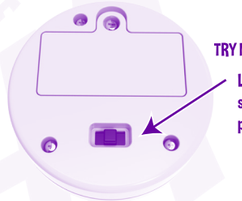

Mega Pranks Speaker

Remote Control Speaker - 10 Crazy Sounds

Who Will You Prank?

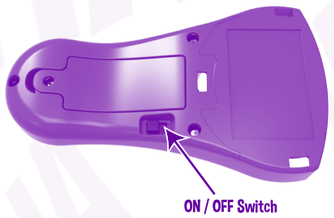

- Laugh
- Phone Ring
- Footsteps
- Water Drips
- Fart 1
- Fart 2
- Fart 3
- Scream
- Buzzing
- Car Alarm

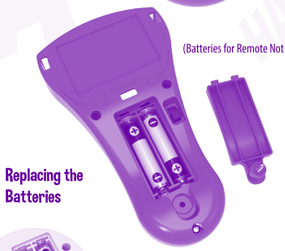

TRY ME / OFF / ON Switch

Locate power switch to "ON" position.

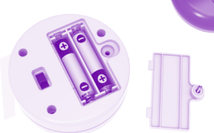

ON / OFF Switch

(Batteries for Remote Not Included)

Replacing the Batteries

(Batteries for Speaker Included)

Place the speaker near your prank victim, then use the remote to activate annoying sounds!

PUSH TO WAKE: After 15 minutes in ON MODE, speaker will automatically shut off. Push the TRY ME button on the front of the speaker to reactivate.

Don't forget to leave THE JOKER calling card at the scene, so your victim knows who pranked them!

- Rechargeable batteries are only to be charged under adult supervision.

If so, simply reset the product to resume normal operation by following the instruction manual.
In case the function could not resume, please use the product in other location.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) this device may not cause harmful interference and
(2) this device must accept any interference received, including interference that may cause undesired operation.

WARNING: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

CAN ICES-3 (B)/NMB-3(B)

IN CASE OF ENVIRONMENTAL ELECTROSTATIC DISCHARGE, PRODUCT MAY MALFUNCTION. IN THIS CASE, RESET THE PRODUCT BY RE-INSTALLING BATTERIES.
