Change in ID Request
FCC ID: 2ARF8UCROS-SL

To Whom It May Concern:

We hereby request a Change in ID in accordance to CFR 47 Part 2.933 of the FCC rules.
The original identification of the equipment for which we seek a change in ID is
FCC ID: 2ARF8UCROS-SL granted on 06/30/2020

The new FCC ID is: 2AUQGES740-1

There are no changes in design, circuitry or construction. The only changes are

- the color of the aluminium heatsink: blue instead of gold,
- the imprint on the housing: ES740.1 and web address instead of µCROS SL and address,
- the text on the label at the bottom of the device.

Therefore, all data of original grant on file remain applicable to the equipment bearing the changed identification

Sincerely,
06.08.20
