### 8. Accessory (Optional)

Doorbell Angle Mounts

You can purchase the following angled brackets so as to point your doorbell to a specific view angle.

### 9. Trouble Shooting

**Q1: Is the video doorbell powered by battery?**

**A1:** Yes, there is a Li-ion battery built-in. Thanks to the low power consumption technology, a full charge lasts for more than 2 to 3 months in our lab test environment (Lab test condition: 10 events per day, 15 seconds video recording per event).

**Q2: Does it support legacy hardwire power source?**

**A2:** No, it doesn't. If you need longer battery endurance, suggest that adding a solar battery charger for your doorbell, if only there is sunshine in your doorbell location. You can contact our after-sale service to know where to buy.

**Q3: Does it work with existing mechanical chime?**

**A3:** No. The doorbell comes with a battery powered wireless chime to notify people when your visitor presses the doorbell button. And our wireless chime is 100% wireless, you can place it almost everywhere you like. The transmission distance in open space is more than 100 meters (328 feet).

**Q4: How many wireless chimes can be added to the doorbell?**

**A4:** You can add several wireless chimes to work with your video doorbell. And one chime can be paired with upto 8 video doorbells.

**Q5: Does it support customized Motion Detection Zones.**

**A5:** Yes it does. You can customize the detection zone in the doorbell settings.

**Q6: Does the doorbell support cloud storage?**

**A6:** Your doorbell support local video storage by TF card . And you can also activate the cloud storage service in the App so as to back up video clips into the cloud server. There is a 7-day-free cloud recording trial service.
