

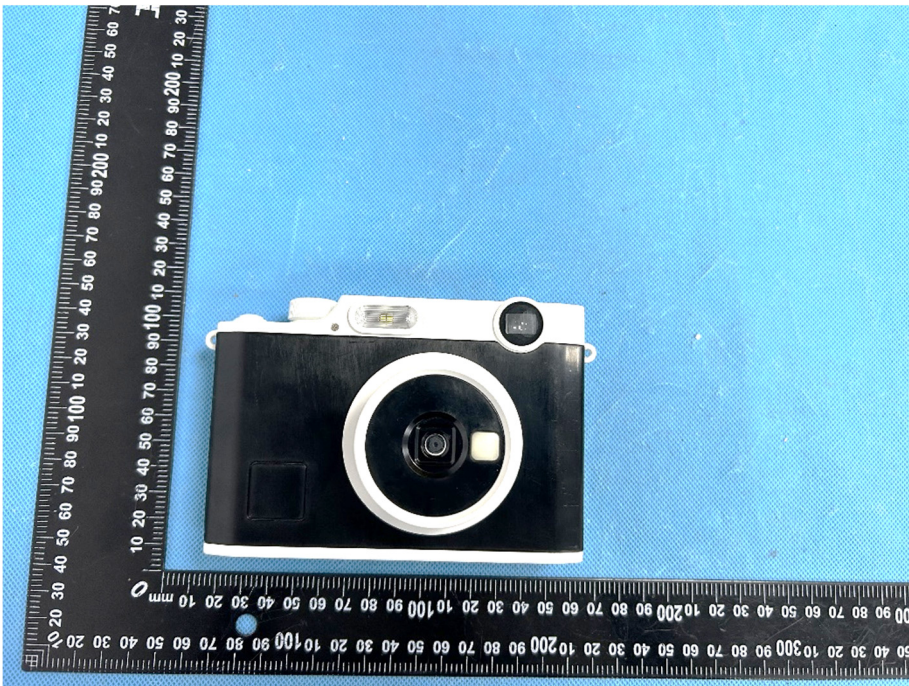

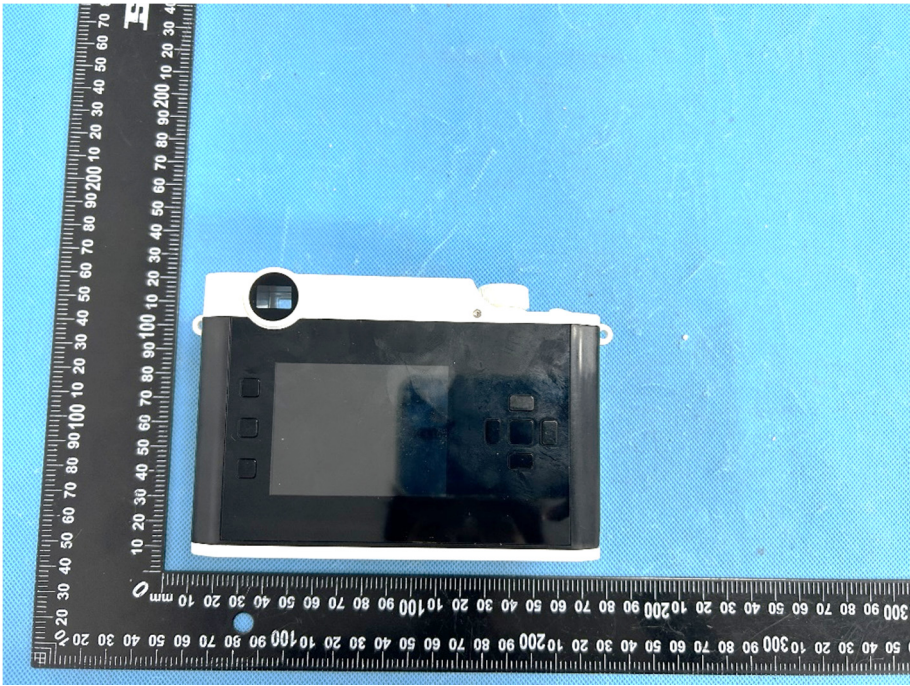

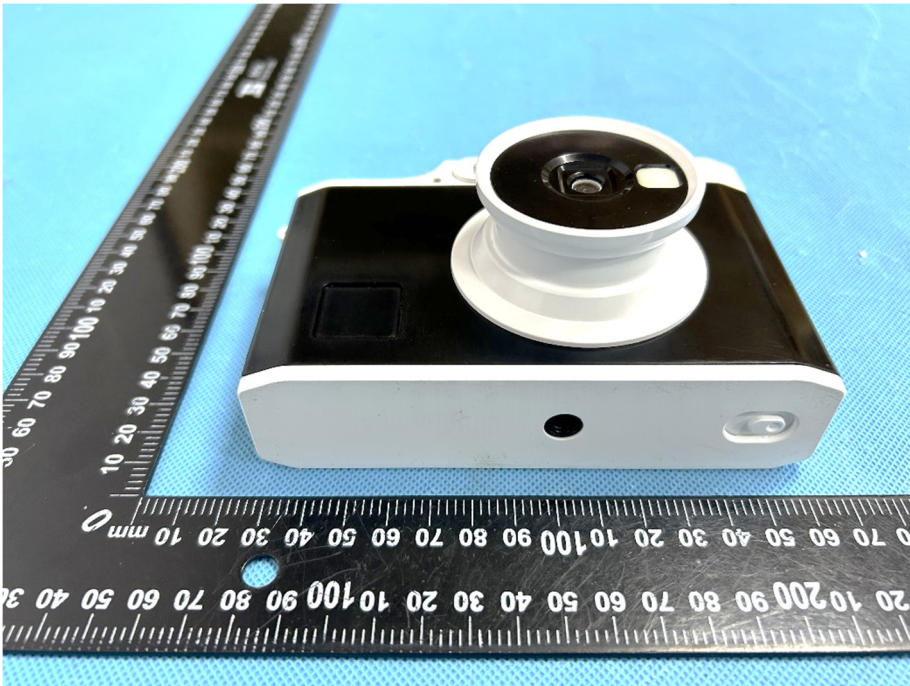

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

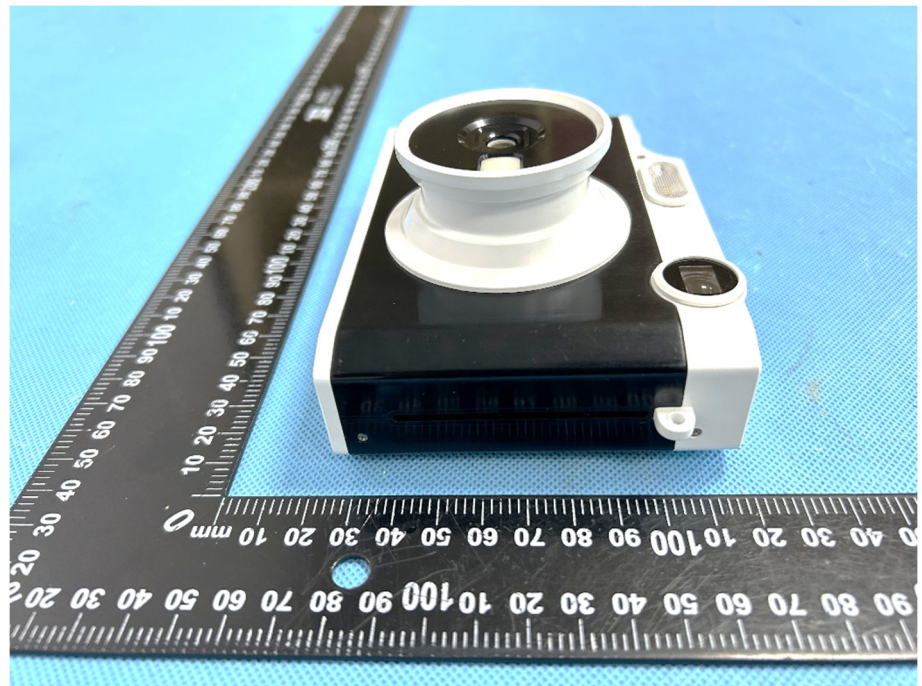

Model: HCP-2TS24E, Z3

Battery model: 401057-2S

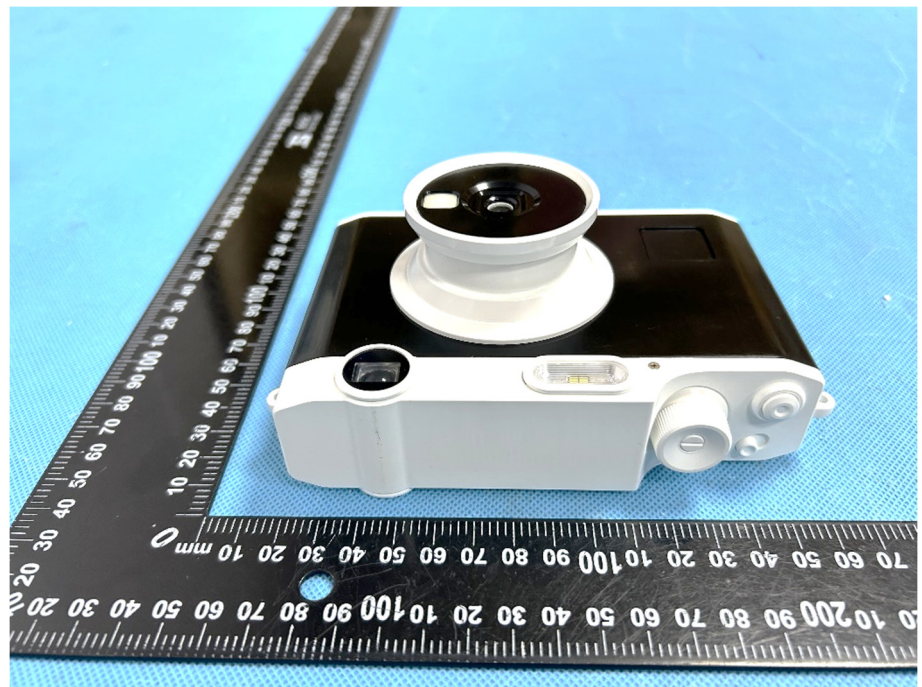

EUT View 1	 A black and white electronic device, possibly a camera or a sensor, is shown from a top-down perspective. It has a prominent circular lens in the center and a small rectangular display or sensor on the left side. A black USB cable is coiled next to it. The device is placed on a blue textured surface next to a black ruler with white markings for scale.
EUT View 2	 A black and white electronic device, similar to the one in View 1, is shown from a top-down perspective. It has a prominent circular lens in the center and a small rectangular display or sensor on the left side. The device is placed on a blue textured surface next to a black ruler with white markings for scale.

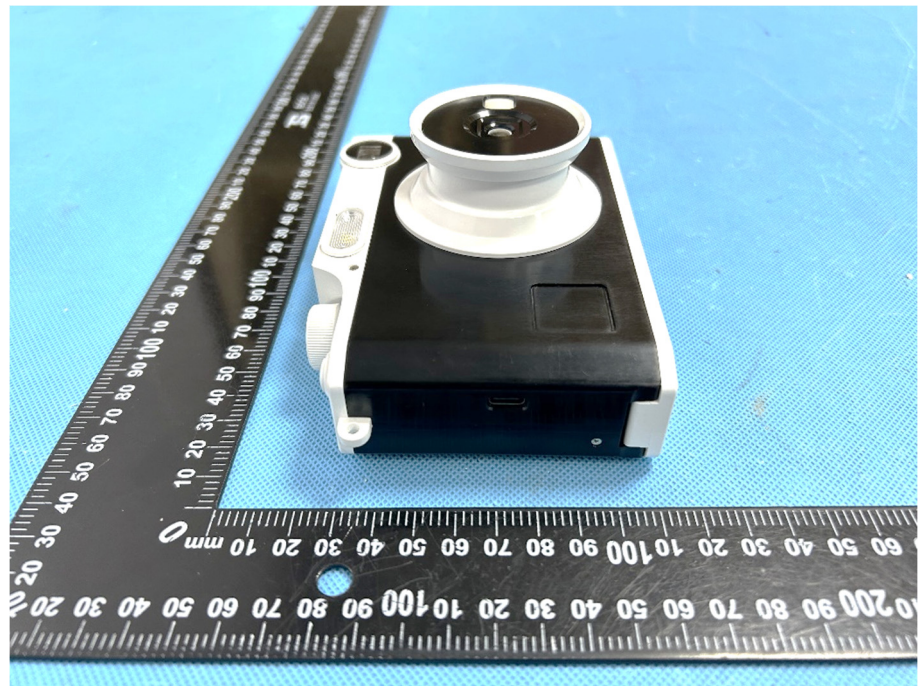

EUT View 3	 A photograph showing the back of a black and white electronic device, likely a camera or camcorder. The device has a large black LCD screen in the center, a small viewfinder or secondary screen at the top left, and several buttons on the right side. It is placed on a blue textured surface next to a black L-shaped ruler. The ruler has white markings in centimeters and millimeters.
EUT View 4	 A photograph showing the front of the same black and white electronic device. It features a large lens in the center, a small sensor or microphone on the left, and a small circular port on the bottom. The device is placed on a blue textured surface next to a black L-shaped ruler, similar to the one in the previous view.

EUT View 6

EUT View 7**EUT View 8**

EUT View 9	 A photograph of a black plastic device with a white base, shown from a top-down perspective. The device has a hinged lid that is open to the right. Inside the black housing, a white plastic component is visible. A small, rectangular button labeled 'RESET' is located on the right side of the black housing. The device is set against a blue background.
EUT View 10	 A photograph of the same black plastic device with a white base, shown from a top-down perspective. The device has a hinged lid that is open to the right. Inside the black housing, a white plastic component is visible. A small, rectangular button labeled 'RESET' is located on the right side of the black housing. The device is set against a blue background.
