

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A photograph showing a black handheld electronic unit (EUT) with a circular sensor at the top. A coiled black cable is placed next to it. A ruler is visible in the background for scale.
EUT View 2	 A photograph showing the same black handheld electronic unit (EUT) from a different angle, highlighting the circular sensor at the bottom. A ruler is visible in the background for scale.

EUT View 3	 A black handheld device, likely a barcode scanner, is shown from a front-facing perspective. It has a rectangular body with a circular sensor or lens in the center. A black ruler with white markings is placed horizontally next to the device for scale. The ruler shows measurements in centimeters and millimeters. The device is approximately 10 cm high and 5 cm wide. The background is a light blue textured surface.
EUT View 4	 A side view of the black handheld device is shown. It features a ergonomic handle with a trigger button. A black ruler with white markings is placed horizontally next to the device for scale. The ruler shows measurements in centimeters and millimeters. The device is approximately 15 cm long and 5 cm wide. The background is a light blue textured surface.

EUT View 5	 A black handheld device with a circular lens at the top, positioned horizontally next to a black ruler. The ruler has white markings in centimeters and millimeters. The device is placed on a blue textured surface.
EUT View 6	 A black handheld device with a rectangular lens at the top, positioned horizontally next to a black ruler. The ruler has white markings in centimeters and millimeters. The device is placed on a blue textured surface.
