Solder Board-Component View 8	 A photograph showing a blue printed circuit board (PCB) component with a single circular hole on the left. Four multi-colored wires (red, green, blue, and white) are soldered to the right side of the component. The component is placed on a black surface with a white ruler for scale. The ruler has markings in millimeters (0 to 100) and centimeters (0 to 10). The background is a blue textured surface.
Solder Board-Component View 9	 A photograph showing a blue printed circuit board (PCB) component with two circular holes on the left. Two wires (red and black) are soldered to the right side of the component. The component is placed on a black surface with a white ruler for scale. The ruler has markings in millimeters (0 to 100) and centimeters (0 to 10). The background is a blue textured surface.
