Solder Board-Component View 6	 A photograph showing a small, rectangular, silver-colored component, likely a battery, placed on a blue textured surface. The component has a gold-colored tab on one side and a small white connector on the other. It is positioned next to a black ruler with white markings, which shows measurements in millimeters. The ruler is oriented vertically, with the component placed horizontally next to it. The component's dimensions are approximately 10mm by 20mm.
Antenna View 1	 A photograph showing a green printed circuit board (PCB) component, likely an antenna, placed on a blue textured surface. The component has various electronic components, including a small white connector and a small black component. It is positioned next to a black ruler with white markings, which shows measurements in millimeters. The ruler is oriented vertically, with the component placed horizontally next to it. The component's dimensions are approximately 20mm by 30mm. A red box highlights a specific area on the component, and a red line points from this box to a label "BT Ant." located below the image. BT Ant.
