Declaration of Product Modifications

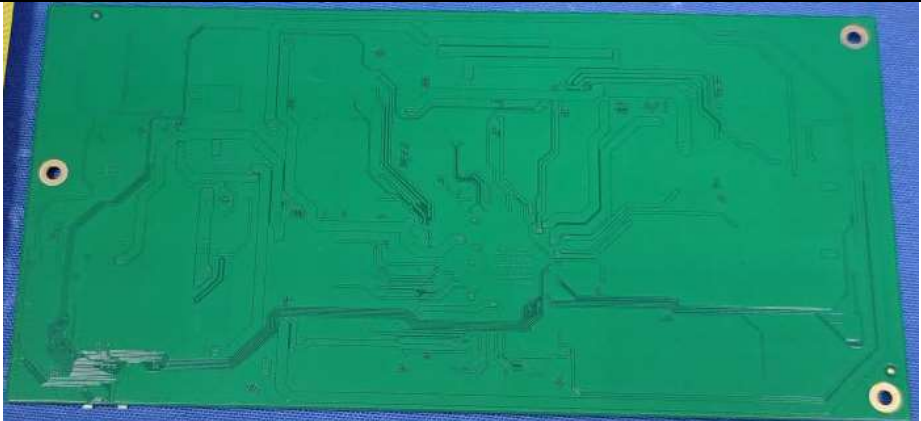

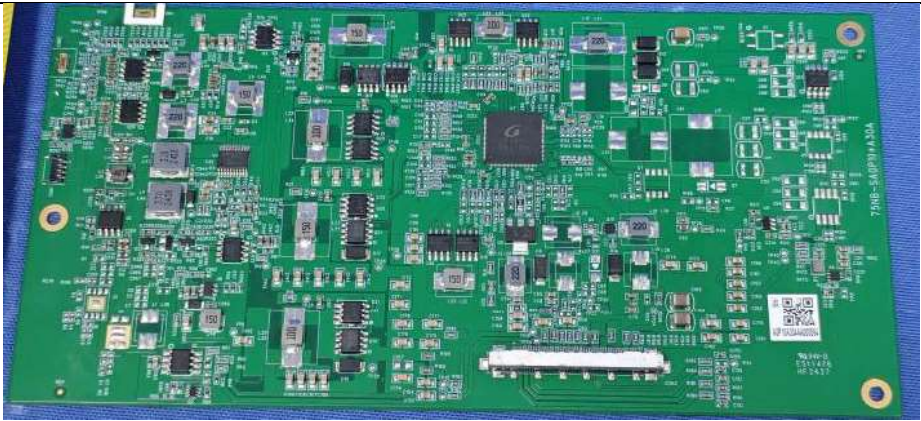

Date: 4.24.2026

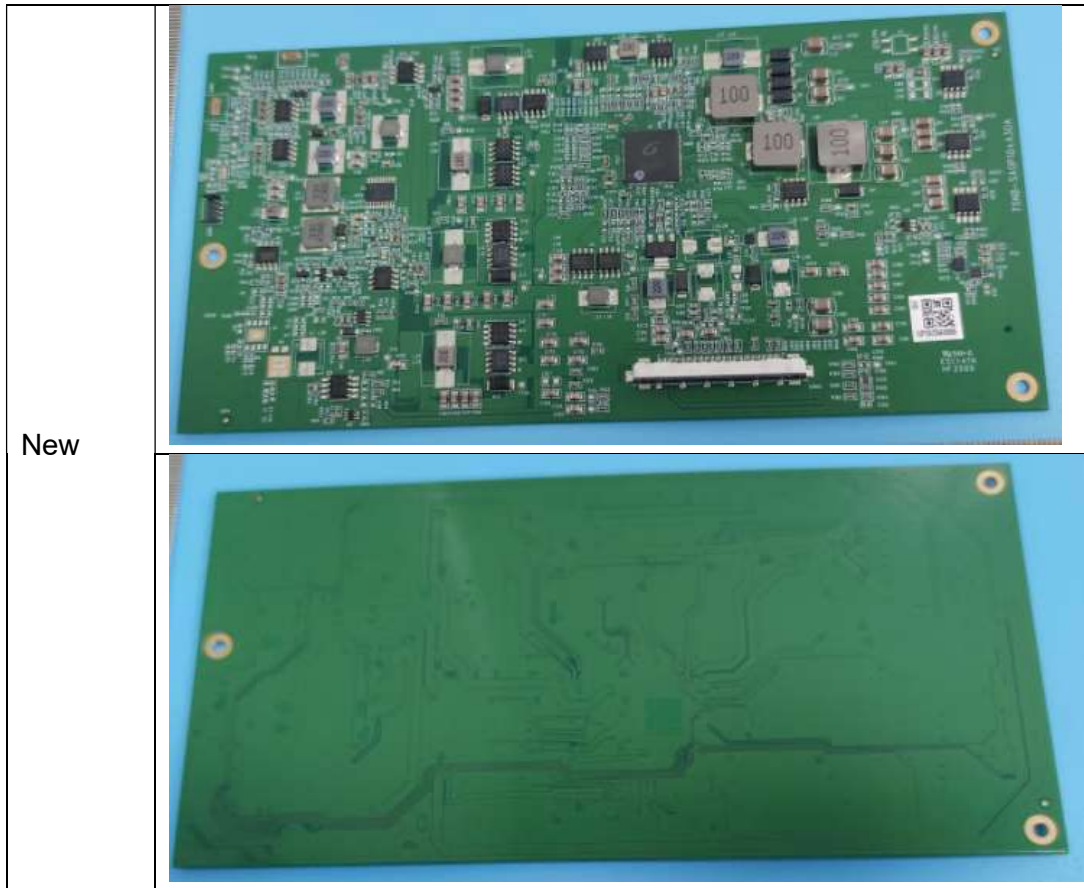

This is to request a Class II permissive change for FCC ID: 2AUVWPB3150P1 originally granted on 09/24/2025.

The major change filed under this application is:

Change #1: Based on the original report, a new power panel was reported that only added some components do not influence the power input and output, after evaluation. Update the AC Conducted data and the low-frequency radiated data.

The original product and the new product merely differ in terms of the power panel, as shown in the following diagram.

Changed parts	power panel
