RF Exposure Information and Statement

This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment.

This device complies with part 15 of the FCC rules . Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful

interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.

- Increase the separation between the equipment and receiver.

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

- Consult the dealer or an experienced radio/TV technician for help

- This device and its antenna(s) must not be co-located or operating in conjunction with any other antenna or transmitter.

- the FCC ID of left earphone is FCC ID: 2AUYFRMA215-L

- the FCC ID of right earphone is FCC ID: 2AUYFRMA215-R

Recycling Initiative

At realme we understand that our responsibility doesn't end at selling you our products, realme devices has been working in the area of safe disposal of electronic waste. Since devices, tablets and other electronic items are made of hazardous constituents. Under the Guidelines of Ministry of Environment, Forest and Climate Change, E- waste (Management) Rule, 2016 and Amendment E- waste Rule 2018. realme devices will seek shared responsibility and cooperation from customers in reducing the environmental impact of their products, realme devices will comply with all the applicable laws related to e- waste management. As a part of e- waste recycling initiative, realme devices has partneredwith an authorized e- waste company named as 3R Recycler for collection. 3R vision is to look at e- waste not just as waste, but as an important resource that can be made useful instead of shunning it as a social and environmental burden with their fully automated facility for e- waste recycling. Foe further information about e- waste recycling and our e- waste recycling partner & their process you may log on to www.3recycler.com or write an email to admin@3recycler.com. Call us: Toll Free No. - 1800 102 8632.

Hereby, realme, declares that this device is in compliance with the essential requirements and other relevant provisions of Radio Equipment Directive 2014/53/EU. The declaration of conformity may be consulted at www.realme.com/global/sup-port/eu-declaration
