

FCC Class II Permissive Change Request Letter

Date: February, 21st 2023

To FCC:

RE: FCC Permissive II Change Request for Company: LumiraDx FCC ID: 2AV6APOC

We are submitting an application for a class II permissive change to the FCC approval of the Company name: LumiraDx, product description: LumiraDx Instrument (FCC: **2AV6APOC**, Original Grant Date: May, 06 2020). The transmitter module itself has not changed. Here are the changes:

- a) Small change in the layout: four set of three ground vias, replaced by four ground slots:
⇒ Four of these vias: , changed to four of these slots: 
- b) Crystal capacitor (C7 & C8) values changed from 22 pF to 27 pF.
- c) Minor changes in the silkscreen (additional labels added and some of them moved slightly on the board).

For the record, previous values of C13 (22 pF), C18 (22 pF), C22 (1 nF), R1 (2.7Kohm) and R4 (470 ohm) remain unchanged.

Sincerely,

Title Senior Team Leader
