

Test Positions

Front Side (Separation distance of 0mm)	Back Side (Separation distance of 0mm)
 A photograph showing the front side of a test setup. A white, rectangular device with a large black circular opening is positioned in the center. It is surrounded by white structural elements and a blue band. The background is a plain, light-colored wall.	 A photograph showing the back side of the test setup. The same white device with a black circular opening is visible, but from a different angle, showing the rear structure and the blue band. The background is the same light-colored wall.
