

1. Product Description:

Diagram of the back of the camera showing the microphone, camera lens, and other features. Labels include: Mic, R and White Light, Camera Lens, Built-in TF card slot, Reel Button, and Speaker.

*Please use 8-core standard network cable!

Caution:
The mounting wall should have the strength to withstand at least 3 times the total weight of the camera and bracket.

Fixed bracket. Remove the mounting spacer on the bracket and fix the camera bracketed on the wall. The camera will be fixed at a height of 1.5 m. The mounting holes of the bracket are equivalent to those found in the mounting holes of the expansion screws and will be the same as the bracketed and then install the bracket. If it is a wooden wall, you can use self-tapping screws to install the bracket directly.
