INTRODUCTION Please read all instructions prior to using this product. Thank you for choosing our Wireless Stereo Earbuds with Bluetooth® technology.	Call Answer: Press on/off button once to answer a call when there is an incoming call signal, press once again to end the call Redial Last Call: Press on/off button twice to redial last call on your smart phone	and search nearby Bluetooth® device, select “BTS915” to pair. If your smart phone requests a password, enter the default password “0-0-0-0.” Light will turn blue after pairing successfully. After initial pairing, the unit will stay paired unless unpaired manually by the user or erased due to a reset of the smart phone. If your smart phone should become unpaired or you find it is unable to connect, repeat the above steps.
BUTTON CONTROL Pause/Play: Press the on/off button to pause the music, press again to play On/Off: Press and hold the on/off button to switch on or off the earbud Pairing: Press and hold the on/off button for over 5 seconds to enter pairing mode Vol +/Previous: Hold the volume up button to increase the volume. Press once for previous song. Press twice to activate Siri or OK Google. Vol -/Next: Hold the volume down button to decrease the volume. Press once for next song	BATTERY POWER Connect the included USB cable to the USB port on a power computer to charge. Charge fully before use. The indicator will display a red light when charging, and turn off when fully charged. Initial charge time is 2 hours. BLUETOOTH® PAIRING Power on the unit by pressing and holding the power/pair button for 5 seconds. The indicator will flash red and blue. Switch on the Bluetooth® mode of your smart phone	You can listen to music wirelessly by selecting and playing the songs on your smart phone after Bluetooth® pairing is successful.

FCC Warning Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- - Reorient or relocate the receiving antenna.
- - Increase the separation between the equipment and receiver.
- - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- - Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The device has been evaluated to meet general RF exposure requirement.
