

BT- CFEA-F

USER'S GUIDE

Product Information

Product name	CPR and First Aid Training Model
Model name	BT-CFEA-F
Manufacturer	BT Inc.
Address	A-313, Samsung Techno-valley, 140, Tongil-ro, Deogyang-Gu, Goyang-Si, Gyeonggi-do, 10594, Republic of Korea

Product Specifications

Dimensions	350 x 670x 215 mm
Weight	4.4kg
Battery	6EA of LR14 (C-type, 1.5V)
Power Converter	Input : AC 100-240V ~, 50/60Hz, 0.4A Output : DC 12V, 1.5A

After service

Website	www.btinc.co.kr
Address	A-313, Samsung Techno-valley, 140, Tongil-ro, Deogyang-Gu, Goyang-Si, Gyeonggi-do, 10594, Republic of Korea
Telephone	02-2038-2903
E-mail	btinc@btinc.co.kr

Cautions for battery disposal

Please follow the regulations of corresponding area for the disposal of used batteries.

■ FCC required warning statements

- a. Rule Part 15.19(a)(3): This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
- (1) This device may not cause harmful interference, and
 - (2) this device must accept any interference received, including interference that may cause undesired operation.
- b. Rule Part 15.21: The users manual or instruction manual for an intentional or unintentional radiator shall caution the user that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

*Note: This equipment has been tested and found to comply with the limits for a Class B digital

*Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

Cautions

Please read it carefully to ensure correct usage and user's safety through understanding of the product.

- ① Use only components provided or approved by BT Inc.
- ② Do not use the product for other purposes described in the manual.
- ③ If you disassemble or modify the product without any permission by BT Inc, you cannot get the warranty. Also, making imitated or altered products for commercial purposes are prohibited by law.
- ④ If the product is overheated or smelled something burning during the usage, turn off the power switch, unplug the power converter and call customer service center.
- ⑤ Keep the product away from water and moisture.
- ⑥ Do not use the product near strong magnetic fields or high voltage power lines.
- ⑦ Do not use the product and unplug the power converter under a weather of lightning. It can cause the malfunctions of the product and increase the risk of an electric shocks.
- ⑧ The product may malfunction under the extreme weather conditions.
(Operation temperature : 0℃~40℃ (32°F~104°F), Storage temperature : -10℃~50℃ (14°F~122°F))
- ⑨ Do not keep the product near hot or cold environments as possible. Deterioration of product or internal damage may occur by the extreme weather conditions
