

LVMC200

Quick Start Guide

Wireless Lavalier Microphones

In the Box

- A. Microphones**
- B. Receiver**
- C. USB-C® charging cable**

Microphones Overview

1. **Windscreen**
2. **Status light**
3. **Charging port**
4. **Microphone clip**
5. **Power button**

Receiver Overview

1. **USB-C®**
2. **Charging port**
3. **Status light**

Note: The USB-C port on the receiver is not for charging the receiver itself. It is a pass-through charging port designed to charge your phone while the receiver is connected.

If your phone's battery is low, simply connect your charger to the USB-C® port on the receiver to power your phone without interrupting your recording or live stream.

Status Light

Flash Mics Mode and r	Status Light
Power on / pairing	Flashing green and red
Power off	Light off
Paired	Solid green
Mute	Flashing green
Low battery	Flashing green and red every 10 seconds
Charging	Solid red
Charged	Red light turns off

Receiver Mode	Status Light
Pairing	Flashing green
Paired	Solid green

Getting Started

1. Before first use, fully charge the microphones using the included cable. Charge one at a time by connecting to a power source — the indicator light will turn off when fully charged.

Getting Started (Continued)

2. Connect the wireless receiver to your phone's USB-C® port.

3. Press and hold the power button on each microphone for 3 seconds until the indicator light turns on.

Getting Started (Continued)

4. Open your preferred recording app, camera app, or any live streaming platform — you're ready to go!

Specifications

- Up to 65ft range
- 4-6 hours of playtime
- Noise cancellation
- Clear audio
- Fully compatible with Android™ devices and Apple™ devices
- Adapter (not included): DC 5V / 1000mA (universal with mobile phone adapter)

Need Help?

For customer support regarding your device, please submit a request by emailing **support@dpaudiovideo.zendesk.com**. You will be provided a ticket number regarding your inquiry, which you can refer to when contacting us further.

You may also reach a Core Innovations customer service representative by calling **1-833-909-CORE (1-833-909-2673)**. We are available Monday - Friday, 9am - 5pm PST, except major holidays. Core Innovations strongly urges customers to email their inquiry prior to calling, as this will enable us to better assist you.

Please make sure to note the model number and a description of your inquiry.

Thank you for purchasing a Core Innovations product.

FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a

FCC Warning (Continued)

particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
