Request for Permissive Change

To Whom It May Concern:

Pursuant to CFR 2.1043, Meter Inc., hereby requests a Class II Permissive Change for the following project:

FCC ID: **2AVVV-A1** (Original Grant Date: 11/26/2025)

This project is a Permissive Change for the purpose of adding new sources of existing non-critical and passive electrical components. The changes are as follows:

1. Shielding Case Design Change
2. DC Converter Vendor Change
3. Crystal (XTAL) Vendor Change
4. The circuit of the scan radio has been redesigned (not a transmitter)

Please note that these changes are limited to hardware components only and no hardware modifications have been made to the transmitter circuitry, and the emissions performance remains unchanged from the originally certified ID. There is no modification to the software or firmware as part of this design change. The SW security description filed in the original equipment initial application remains unchanged and is wholly applicable to the product with this permissive change request.

Regards,
