- If there is any uncertainty or controversy, please refer to our final explanation.

## Operating with Imou Life App

### Step 1

Scan the following QR code or search “Imou Life” in Google Play or App Store to download and install the app.

**Note:** If you have installed the app, update it to the latest version.

### Step 2

Run Imou Life App, and then register an account for the first use.

### Step 3

Connect the camera to power source with the power adapter.

### Step 4

Wait for booting to be finished, and then the camera indicator flashes with green light.

### Step 5

Do the following operations to finish adding camera.

**Note:** If you have more than one camera, do step 5 to add them one by one.  
If the Wi-Fi network has changed or the indicator status goes wrong, reset the camera, and then do step 5 to add it again.

## Installing Camera

**Note:** Make sure that the mounting surface is strong enough to hold at least three times of the device weight.

- Step1** Drill screw holes on the mounting surface as the positioning map shows, and then put in the expansion bolts.
- Step2** Attach the pedestal to the mounting surface with the self-tapping screws.
- Step3** Power up the camera, and then adjust the lens to the ideal angle.

### Packing List

Camera ×1

Positioning Map ×1

Power Adapter ×1

Screw Package ×1

QSG ×1

### Camera Introduction

**Note:** Press and hold the reset button for 10 s to reset the camera.

The pattern of the LED indicator is included in the following table.

| LED Indicator Status                      | Device Status                                                                                            |
|-------------------------------------------|----------------------------------------------------------------------------------------------------------|
| Off                                       | <ul style="list-style-type: none"><li>Powered off/LED turned off</li><li>Rebooting after reset</li></ul> |
| Red light on                              | <ul style="list-style-type: none"><li>Booting</li><li>Device malfunction</li></ul>                       |
| Green light flashing                      | Waiting for network                                                                                      |
| Green light on                            | Operating properly                                                                                       |
| Red light flashing                        | Network connection failed                                                                                |
| Green and red lights flashing alternately | Firmware updating                                                                                        |
