

Basic Operations

► Contacts:

Tap Contacts to open it. The Contacts page offers management functions. It allows you to view the list of contacts and related details, make a call or send an SMS to a certain contact, and share the contact.

Contact import: On the Contacts page, tap the Menu button, and choose Import/Export to select a mode for importing or exporting a contact.

Add a contact: On the lower right of the Contacts page, tap the create new contact button to add a contact to your phone or USIM/SIM. Enter the name and number, and tap Finish. In this way, a contact is created.

Contact list: On the Contacts page, tap any of the contact info. Details about the contact is displayed. This allows you to quickly make a call or send an SMS to the contact.

Search contact: On the Contacts page, tap Search, and enter related information about a certain contact to search it among the list of contacts.

Basic Operations

► Powering On or Off

Powering on: Press and hold the red PWR button for 3-5 seconds. Release the button when the screen animation begins and phone plays its start-up chime.

Powering off: Press and hold the red PWR button for 3-5 seconds. Power off option screen will appear asking, 'Do you want to shut down?' select OK shut-down chime will sound and the screen animation will begin.

► Setting Up Voicemail

After the phone has powered on and has connected with the carrier, press and hold the 1 button on the phone's keypad until it begins to call your voicemail box. When the call connects, simply follow the spoken instructions. You may choose to have (or not to have) a password.

Note: If you do not set up voicemail, you may not be able to receive incoming calls.

Basic Operations

► Touch Screen Usage

Use your fingers to perform operations directly on icons, buttons, and the optional on-screen keypad.

Tap/Touch/Click: Tap the icon of an Application to start it.

Touch & Hold: Touch and hold an item to display a pop-up menu of options. For example, go to Address Book, touch and hold a contact on the Address Book page, and a menu of options pops up.

Drag: Tap an item on the screen and drag it to another place.

Slide/Sweep: To sweep vertically or horizontally across the screen, you can view apps, pictures, and web pages in a convenient manner.

Scroll: Similar to sweeping, but faster.

Basic Operations

► Calling

Making a Call: With the phone powered on, while on the Home screen, enter the phone number you wish to call and press the green Phone button.

Tap the Phone icon to open the application. The Dial-up page is displayed. Enter a phone number and press the green Phone button to make the call.

You are also able to initiate a call by selecting a phone number from you Contacts List, Call History, or the Message page.

Answering an Incoming Call: When the phone rings and/or vibrates open phone, then you can press the green Send/Answer button, swipe up on touch screen, or press Answer on the touch screen to answer the call. You can turn on or off the phone's ability to answer on opening in the Phone Settings section.

Ending a Call or Ignoring a Call: Press the red PWR button to end a call at any time. You can turn on or off the phone's ability to end a call on closing in the Phone Settings.

Note: Holding down the PWR button will turn the phone completely off.

Call Waiting: While a call is engaged, press the Answer or Ignore Option Buttons when the second incoming call is displayed. To swap between lines when call waiting is in use, select "swap" from the Options menu, or press the green OK/Send button one time.
