Solder Board-Component View 1	 A photograph of a small black PCB component, labeled 'K10F_PWR_V00', with a circular hole and a pin header. It is placed on a blue surface next to a black ruler with white markings. The component is oriented vertically, with the pin header at the bottom.
Solder Board-Component View 2	 A photograph of the same black PCB component from a different angle, showing the underside. It features a circular hole, a pin header, and various surface components labeled 'G1', 'C1', 'R1', 'LK2', 'LK3', 'LK4', 'LK5', 'VBAL', and 'GND'. It is placed on a blue surface next to a black ruler with white markings. The component is oriented horizontally, with the pin header at the top.

Solder Board-Component View 13	 A photograph of a white PCB component, labeled 'K10F(CCORE)_TOUCH_V0.0' and '2024-08-12', placed on a blue background. The component features several circular holes and a small integrated circuit. A ruler is visible on the left side, showing measurements in millimeters.
Solder Board-Component View 14	 A photograph of the same white PCB component, showing the reverse side. It features a grid of circular holes and Chinese text labels: '掌静脉' (Palm Vein), '门铃' (Doorbell), and '上锁' (Lock). A ruler is visible on the left side, showing measurements in millimeters.

Solder Board-Component View 21	 A photograph showing various electronic components and a ruler for scale. The components include a gold-colored solder tip, four silver-colored screws, and a set of keys. The ruler is marked in millimeters and centimeters, providing a reference for the size of the components.
Antenna View 1	 A photograph showing the antenna view of a device. A red box highlights a component labeled "MF智能门锁-WIFI-DWM". A red line points from a label "WIFI / Bluetooth Antenna" to the highlighted component. The device is black and has a silver-colored metal bracket attached to it.
