

3. Control Smart Bulb by Voice

After the above operation is successful, you can control the bulb via Echo.

3.1. Discover devices

Firstly, you need to say to Echo:
Echo(or Alexa), discover my devices.
Echo will start to find the devices which is added in Smart Life APP, which will take about 20 seconds, then it will tell you the result.
You can also click "Discover devices" in Alexa APP, then it will show the devices that found successfully.

3.2. Control devices by voice

Attention: The name of the device must be consistent with the addition of Smart Life app.
You can also group the bulbs and give instructions to control them together.

Attention:
Echo is one of the wake-up names, which can be any of these three names(Settings):**Alexa,Echo,Amazon**

3.3. Support Skill list

You can control devices by instructions like these:

- i) Alexa(or echo), turn on [bedroom light]
Alexa(or echo), turn off [bedroom light]
- ii) Alexa(or echo), set [bedroom light] to 50 percent
Alexa(or echo), increase [bedroom light] to 50 percent
- iii) Alexa(or echo), decrease [bedroom light] to 50 percent
Alexa(or echo), set [smart heater] to 34
- iv) Alexa(or echo), raise [smart heater] by 4
Alexa(or echo), lower [smart heater] by 2
