FridgeCal has built-in magnets. Attach directly to your fridge.

IF it does not stick, attach the included magnetic plate to the fridge with the strong double-sided tape, then place FridgeCal on the plate so it attaches magnetically.

5GHz band: Indoor use only

 **Do not stick the double-sided tape to the product itself.**

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

This device may not cause harmful interference, and. This device must accept any interference received, including interference that may cause undesired operation.
