A photograph of a disassembled laptop, showing the internal components laid out on a blue surface. A ruler is placed horizontally at the bottom of the frame for scale. The components include the main motherboard with a central CPU, two RAM modules, and various connectors and ports. A smaller daughterboard is visible at the top right. The components are arranged in a way that shows their relative positions and sizes.

A detailed photograph of the internal components of a mobile phone, showing the motherboard, various chips, and connectors. The board is populated with numerous components, including a large central chip, several smaller integrated circuits, capacitors, and resistors. The text "L863KA_MB_V1.2" and "WWW.EFERCRO.COM" are visible on the board.
