Press and hold the **Power** button for more than 2 seconds. The Consumer Cellular logo displays and your IRIS Home Phone Base starts up. The welcome screen displays. The home screen displays.

CHARGE THE BATTERY

Your IRIS Home Phone Base battery comes partially charged. We recommend that you fully charge the battery before using away from home.

1. Connect the charging cable to the charging port on the device. Do not force the connector into the charging port.

2. Plug the power cable in to a standard power outlet.

Important ! Use only approved chargers and USB cables. The use of unapproved accessories could damage your phone or cause the battery to explode.
Note: If the device will not be used for a long time, please remove the battery.

SAFETY PRECAUTIONS

- Do not disassemble,open, crush, bend or deform, puncture or shred.
- Do not modify or remanufacture, attempt to insert foreign objects into the battery, immerse or expose to water or other liquids, expose to fire, explosion or other hazard.
- Only use the battery with a charging system that has been qualified with the system per CTIA Certification Requirements for Battery System Compliance to IEEE 1725. Use of an unqualified battery or charger may present a risk of fire, explosion, leakage, or other hazard.
- Replace the battery only with another battery that has been qualified with the system per this standard, IEEE-Std-1725. Use of an unqualified battery may present a risk of fire, explosion, leakage or other hazard.
- Only authorized service providers shall replace battery. (If the battery is non-user replaceable).
- Promptly dispose of used batteries in accordance with local regulations.
- Avoid dropping the IRIS Home Phone Base or battery. If the hotspot or battery is dropped, especially on a hard surface, and the user suspects damage, take it to a service center for inspection.
- Improper battery use may result in a fire, explosion or other hazard.

SAFETY PRECAUTIONS

LET'S GET STARTED

Your IRIS Home Phone Base lets you use your home phone anywhere.

BATTERY

Your device comes with the battery already installed. Pull out the plastic tab to expose the battery contacts and connect the battery. If you need to remove/install the battery, use these instructions.

1. With the bottom facing up, sandwich the Home Phone Base between your hands. Slide your top hand up to remove the back cover.

INSTALL THE ANTENNA

1. Your Home Phone Base is equipped with 1 antenna. Install the antenna by removing the rubber cover, and press the antenna into the port and turn clockwise till tight.

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications or changes to this equipment. Such modifications or changes could void the User's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accor dance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
 - Increase the separation between the equipment and receiver.
 - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help.
- Federal Communication Commission (FCC) Radiation Exposure Statement. This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
