Description  Working Indicator Type-C Charging Port MFB Button	Product Specification Bluetooth Version: V5.4 Output Watt: 3W Playback Time: 8 hours Size: Dia 60*37.5 mm Frequency Range: 20Hz-20KHz Support TWS Connection Compact Size With Big Sound	Content C02 SPEAKER x1 Type-C Charging Cable x1 Quick Guide x1 Magnetic Ring x1 	Power on/ off 1. Press and hold ① for 2 seconds to power on. 2. Press and hold ① for 2 seconds to power off. 3. When the speaker stops working and is not connected for more than 20 minutes, it will automatically shut down to save power. Pairing 1. Turn the speaker on, then the working indicator will flash white. 2. Turn Bluetooth on from your device and search the list, then select "C02" to connect. 3. The working indicator glows white when pairing is successful. 4. The working indicator flashes white when the Bluetooth is disconnected by your device or due to excessive distance. 5. The speaker will automatically reconnect with the last connected device when it's power on next time unless the pairing history was cleared.	Pause/Play music Press ① once to pause music while playing. Press ① once again to play. Restore Factory Settings Pressing ① three times leads that 1) the speaker disconnects Bluetooth and TWS connection, 2) and all pairing history is deleted, 3) and the speaker enters the waiting state for pairing and the working indicator flashes white.

TWS connection 1. Turn both C02 speakers on. Make sure that neither speaker has been connected to a Bluetooth device. 2. Press ① twice on both speakers, then the working indicators flash white quickly. 3. Once TWS connection is successful, the working indicator of left-channel speaker flashes white slowly, and the right-channel one glows white. 4. Connect the speakers with your device. Then TWS connection starts to work. 5. Each speaker will automatically enter into TWS connection and reconnect to the last-connected device when they are turned on synchronously next time.	Charging 1. The working indicator glows in orange when it's charging and the light will go off once fully charged. 2. When the speaker is low on power, it will emit a "low battery" reminder tone every 5 minutes. The speaker will automatically reduce the volume to enter power saving mode. In this case, please charge the speaker in the earliest convenience. 3. If don't use the speaker for a long period of time, please charge it at least once every 3 months to extend the battery life.	FCC STATEMENT This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and	on, the user is encouraged to try to correct the interference by one or more of the following measures: — Reorient or relocate the receiving antenna. — Increase the separation between the equipment and receiver. — Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. — Consult the dealer or an experienced radio/ TV technician for help. Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. FCC Radiation Exposure Statement The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
