

Technical drawing of a cable assembly. The drawing shows two views of the cable: a side view and a cross-section view. The side view shows a cable with a length of 150.00. The cross-section view shows a cable with a diameter of $\varnothing 2.05 \pm 0.05$. The cross-section view also shows the cable's internal structure, including a central conductor (铜丝) and a jacket (PE). The drawing includes various dimensions for the cable's length, diameter, and internal structure.
