Specifications

Earphones
Bluetooth version: 5.3
Working Voltage: 3.0V-4.2V
RF transmit power: Class 2
Communication distance: 10M
Transmission range(Hz): 2.402-2.480GHz
Audio encoding format: AAC, SBC
Support: A2DP1.3, HFP1.7, HSP1.2, AVRCP1.6, SPP1.2
Working temperature: -15-60 degree celsius
Working humidity: 10%-85% (non-frozen state)

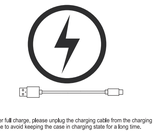
Single Earphone:
Weight: 0.02lb (9g)
Size: 1.0*1.6*1inch (4.7*4.1*2.8cm)
Battery capacity: 50mAh
Charging time: 1=1.5 hours
Standby time: 130 hours
Playing time: 7-8 hours
Talk time: 7-8 hours

Charger Case:
Weight: 0.2lb (104g)
Size: 3.9*2.4*1.6inch (9.9*6.2*4.0cm)
Battery capacity: 1800mAh
Charging time: 3-4 hours

Safety Instructions

To avoid hearing damage, keep the volume at a moderate level. Listening at high volumes for long periods of time may cause permanent damage to your hearing ability, even deafness. Avoid using the earphones while driving, cycling, crossing the road, or performing/participating in any activity that requires your full attention.

Note: The audio and video will be slightly delayed when you are watching video.



After full charge, please unplug the charging cable from the charging case to avoid keeping the case in charging state for a long time.

The output voltage and current of the charger are preferably 5V.
If the charger's output voltage exceeds the specified range, it will cause serious damage to the product, and the product warranty will be invalid in that case.

Usage Guide and Precautions

1. Please do not use it in environments with large electromagnetic fields / high radiation level. Bluetooth signal will be interfered with.
2. Please do not keep the battery of the earphone is bellow 10%, which will result in insufficient audio output. It is recommended to use the headset at sufficient battery.
3. In case of obstacles or multiple 2.4GHz signals in the same frequency band, Bluetooth signal will be interfered with, which may occur stuttering.
4. Please do not put the Bluetooth earphones in water or apply excessive force on it, which may cause damage to the earphones and degraded sound quality.
5. Please charge the earbuds once every 30 days if it's not used for extended periods of time. Prevents failure to start due to lack of power when needed.
6. We may upgrade or modify the software or hardware and appearance of this product without notice to you.

FCC Statement

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
This device complies With part 15 of the FCC Rules. Operation is subject to the following two conditions: (1)This device may not cause harmful interference, and (2)this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.
However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception,
which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
– Reorient or relocate the receiving antenna.
– Increase the separation between the equipment and receiver.
– Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
– Consult the dealer or an experienced radio/TV technician for help.
The device has been evaluated to meet general RF exposure requirement.
The device can be used in portable exposure condition without restriction

CORRECT DISPOSAL OF THIS PRODUCT

(Waste Electrical & Electronic
This Marking shown on the product or its literature indicate that it should not be disposed with other household wastes at the end of its working life.

To prevent possible harm to the environment or human health from uncontrolled waste disposal , please separate this from other types of wastes and recycle it responsibly to promote the sustainable reuse of material resources . Household user should contact either the retailer where they purchased this product , or their local government off ice , for details of where and how the can take this item for environmentally safe recycling.
Business users should contact their supplier and check the term sand conditions of the purchase contact This product should not be mixed with other commercial wastes for disposal.
