

A man with dark hair and a beard is reclining in a modern, orange-colored outdoor chair. He is wearing a white t-shirt and blue jeans, with his hands behind his head and his legs extended. A small, white, adjustable side table is positioned next to him, holding a glass of red wine. The chair is situated on a light-colored tiled terrace. In the background, the ocean stretches to the horizon under a soft, hazy sky at sunset or sunrise. A laptop is open on the floor next to the man's feet.

Technical Specifications

Bluetooth version: 4.2

Transducer: $2 \times 40\text{mm}$

Output power: $2 \times 8\text{W}$

Rechargeable Lithium-ion Battery (14.4 VDC, 2600mAh/37.44Wh)

Battery charge time: 2 hours @ 16.8V=2A

Music playing time: up to 30 hours (varies by volume level and audio content)

External Charger: 100~240V universal power adaptor

Solar Panel info: 14" 10 watts output monocrystalline solar panel

USB charging info: Standard USB A-type charging output

Wireless Charger info: Qi 7.5watts/10watts compliance wireless charger

Dimensions (H x W x D): 26 3/4"H x 17"W (in)

Weight: 19 lbs

Suntable is splashproof; submerging it in water or other liquids may result in permanent damage to the device. Splashproof is defined as water splashing against the enclosure from any direction shall have no harmful effect to the unit.

Notice

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

2. FCC Radiation Exposure Statement:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

3. ISED statements

This device contains license-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Ce dispositif contient les émetteurs/récepteurs autoriser-exempts qui sont conformes au permis RSS exempt du Canada d'innovation, de la Science et de développement économique. L'opération est sujette aux deux conditions suivantes:

- (1) Ce dispositif peut ne pas causer l'interférence.
- (2) Ce dispositif doit accepter n'importe quelle interférence, y compris l'interférence qui peut causer le fonctionnement peu désiré du dispositif.
