

1 , Antenna Description

|                   |                                                                                                                                          |
|-------------------|------------------------------------------------------------------------------------------------------------------------------------------|
| Antenna plate     | PCB antenna                                                                                                                              |
| Market/model name | RDWM21501-ANT1                                                                                                                           |
| Manufacture       | Shenzhen Jieteng Electronics Co., Ltd                                                                                                    |
| Manufacture ADD   | Building 1, Huafeng Science and Technology Park, No. 54 Guangtian Road, Luotian Community, Songgang Town, Bao'an District, Shenzhen City |
| Antenna Max Gain  | 3dbi                                                                                                                                     |
| Frequency Range   | 2402-2480MHz                                                                                                                             |
| Connect Type      | PCB antenna                                                                                                                              |
| VSWR              | 1.6                                                                                                                                      |
