

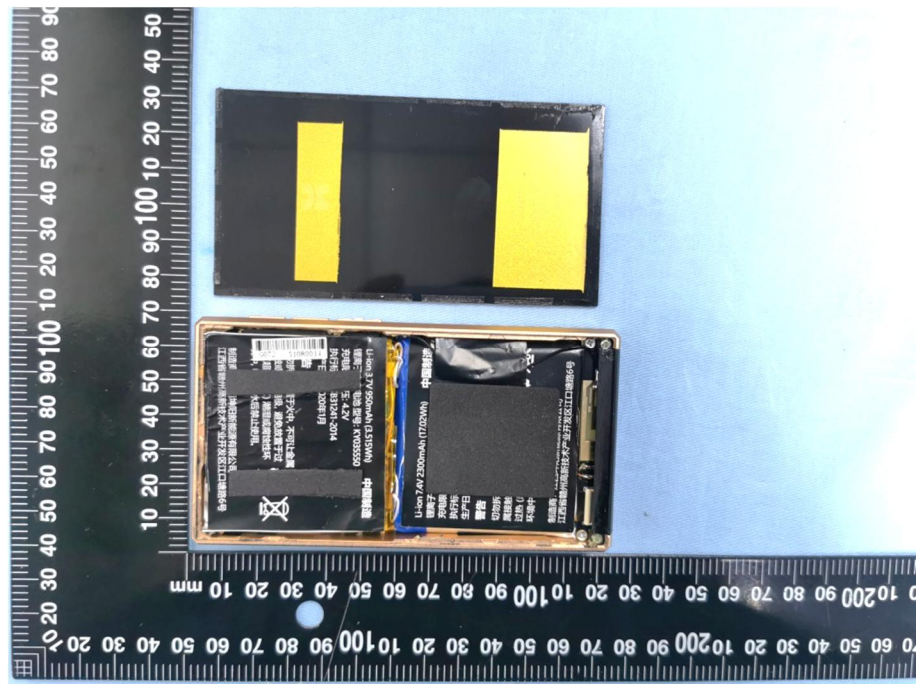

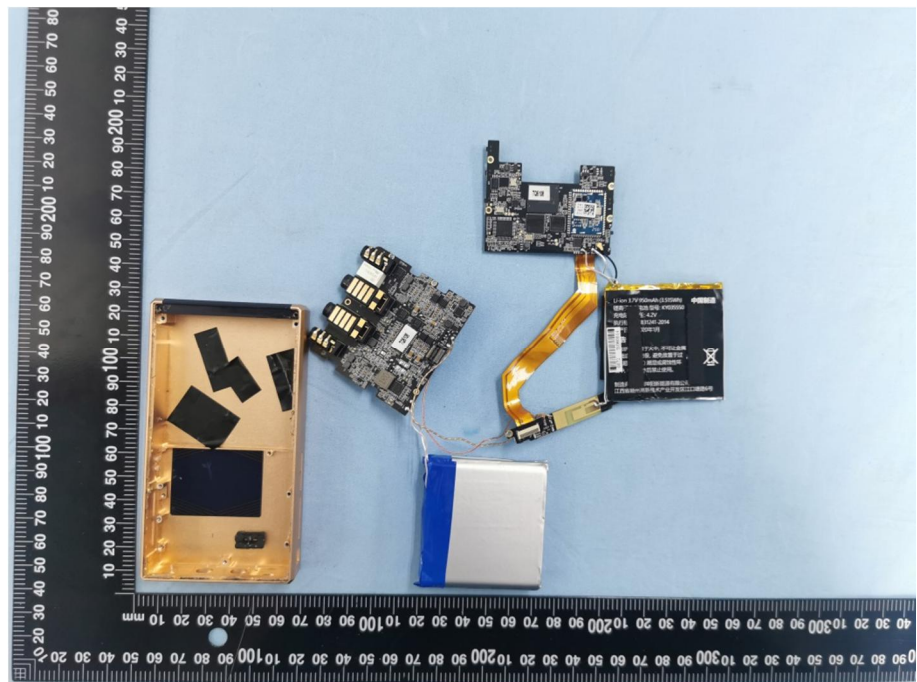

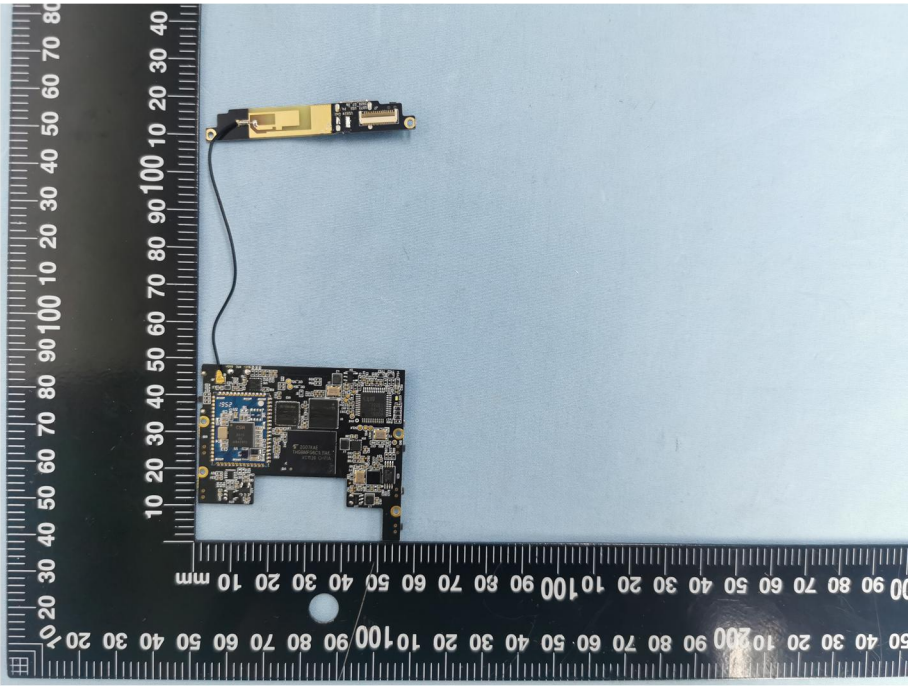

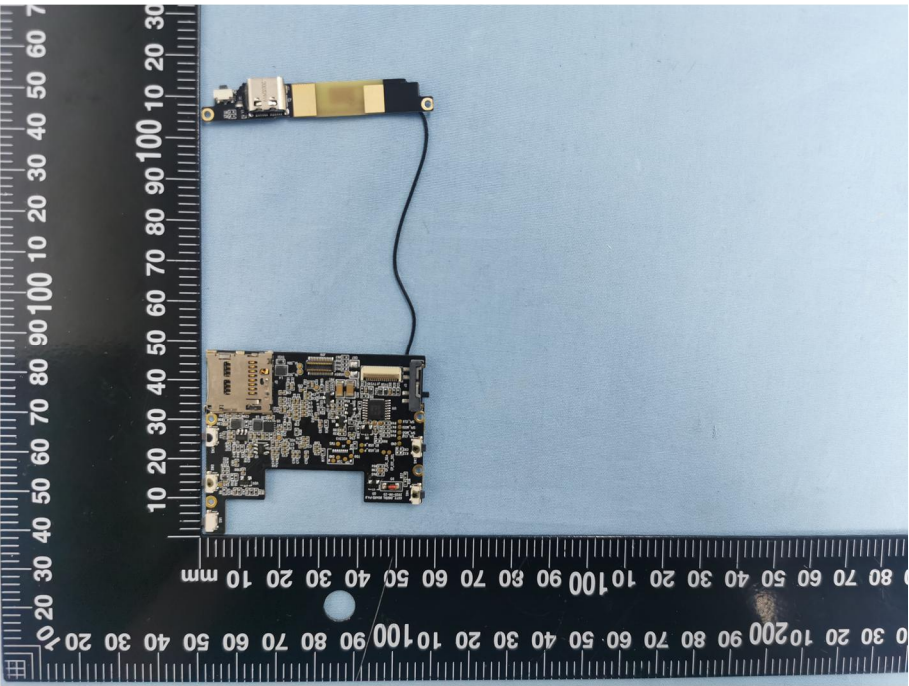

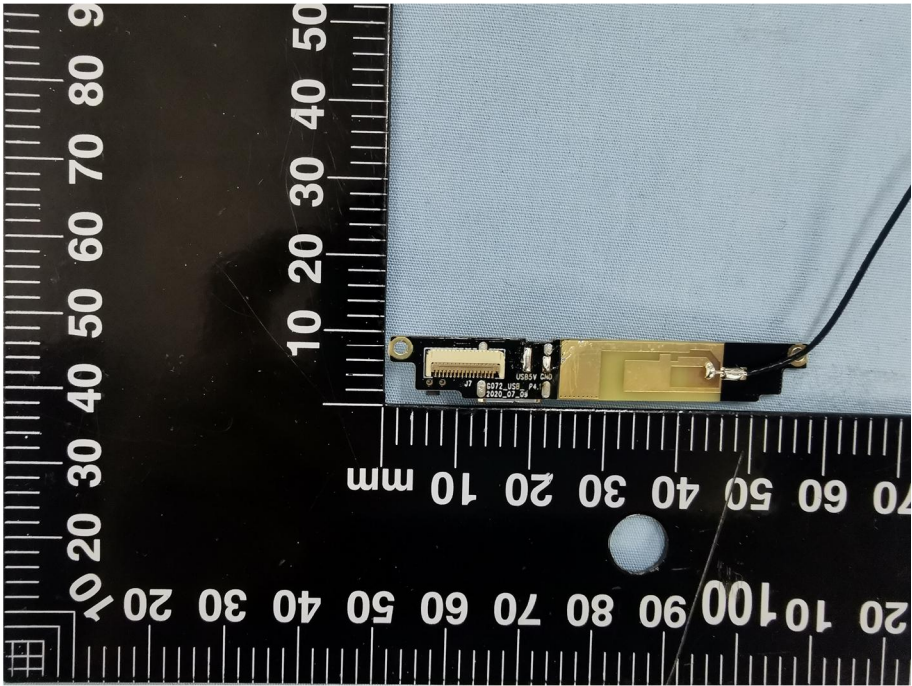

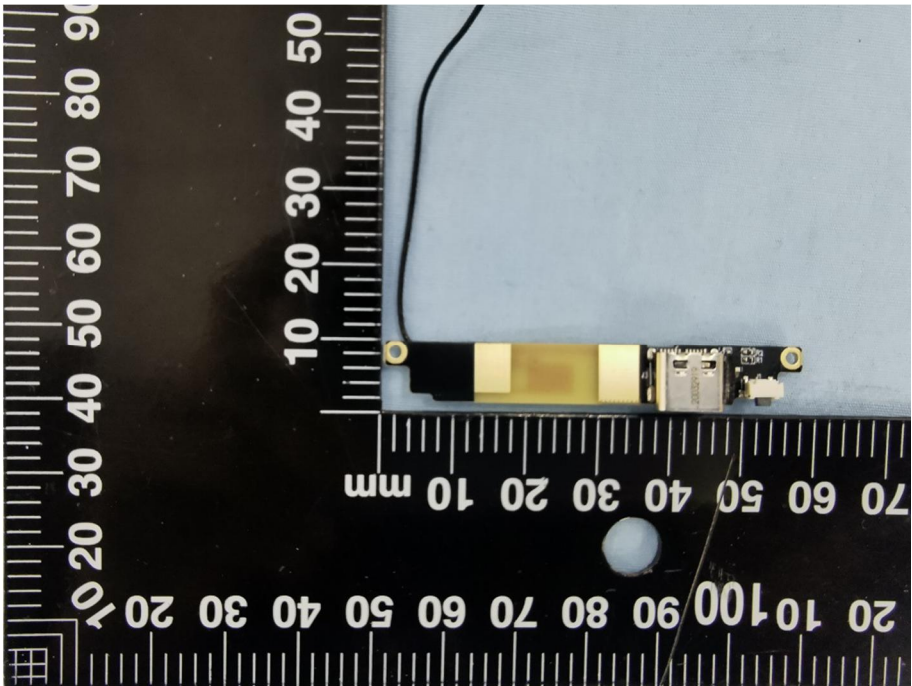

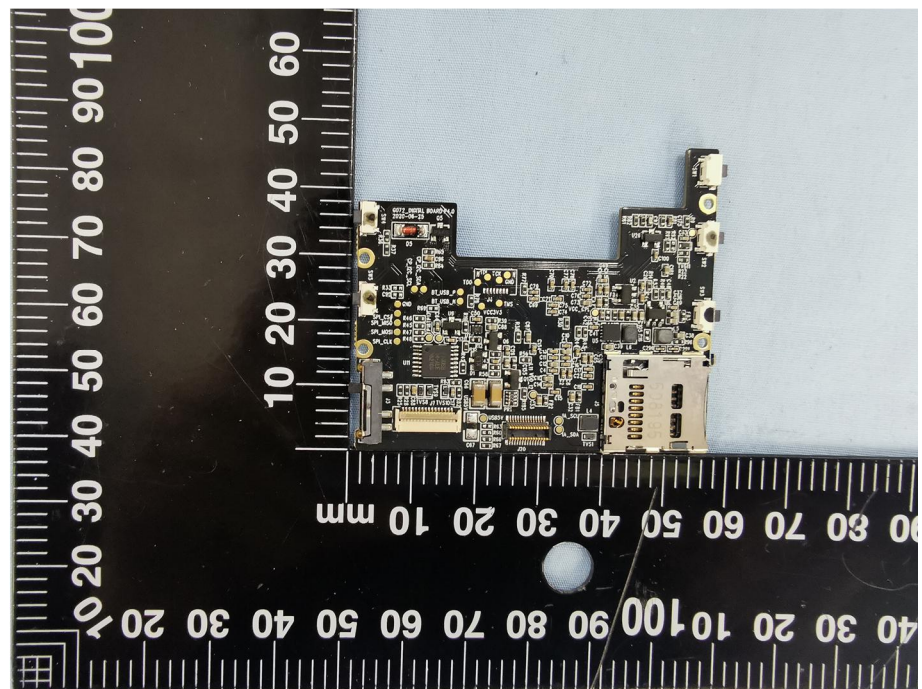

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS**EUT Housing and Board
View 1****EUT Housing and Board
View 2**

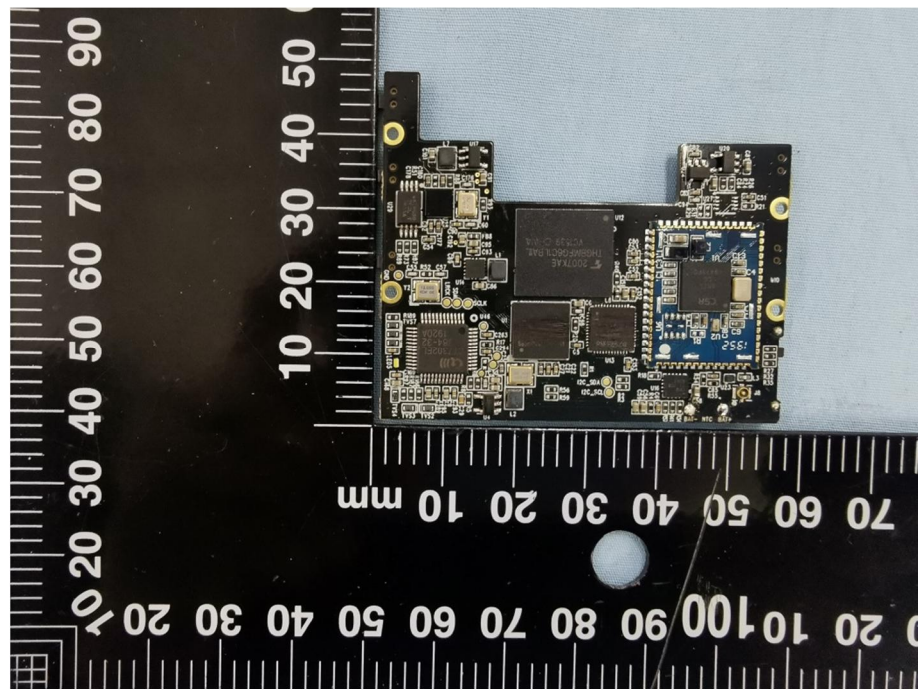

Solder Board-Component View 1	 A photograph showing a small electronic component, likely a USB-to-UWB module, connected to a printed circuit board (PCB) via a thin black cable. The component has a gold-colored metal shield. The PCB is populated with various surface-mount components, including a large black integrated circuit. The assembly is placed on a light blue surface next to a black L-shaped ruler with white millimeter markings for scale.
Solder Board-Component View 2	 A photograph showing the same electronic assembly from a different perspective. The component and its connection to the PCB are visible. The PCB layout and components are consistent with the first view. The assembly is positioned next to the same black L-shaped ruler for scale.

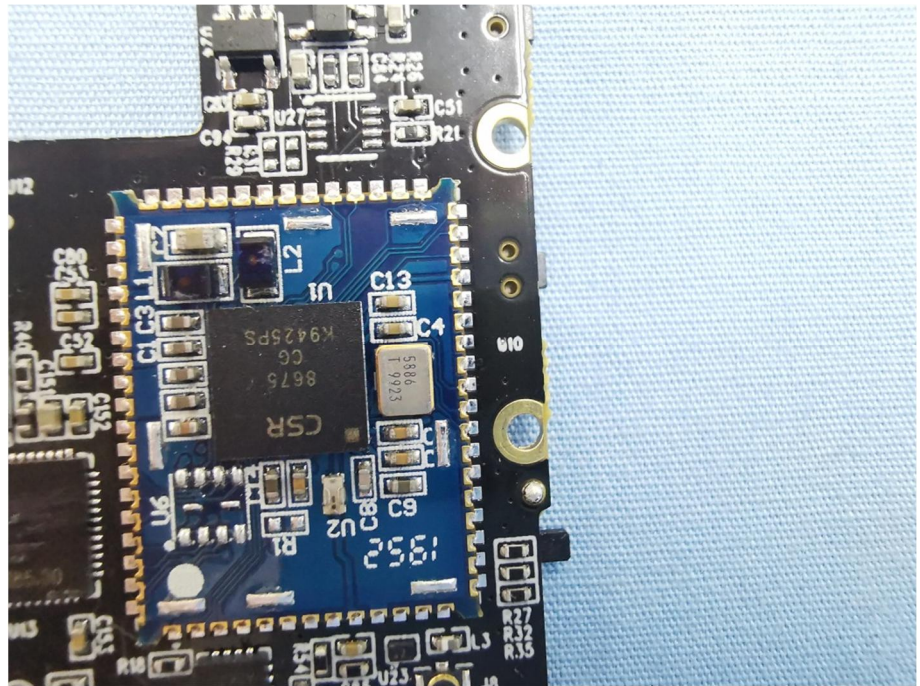

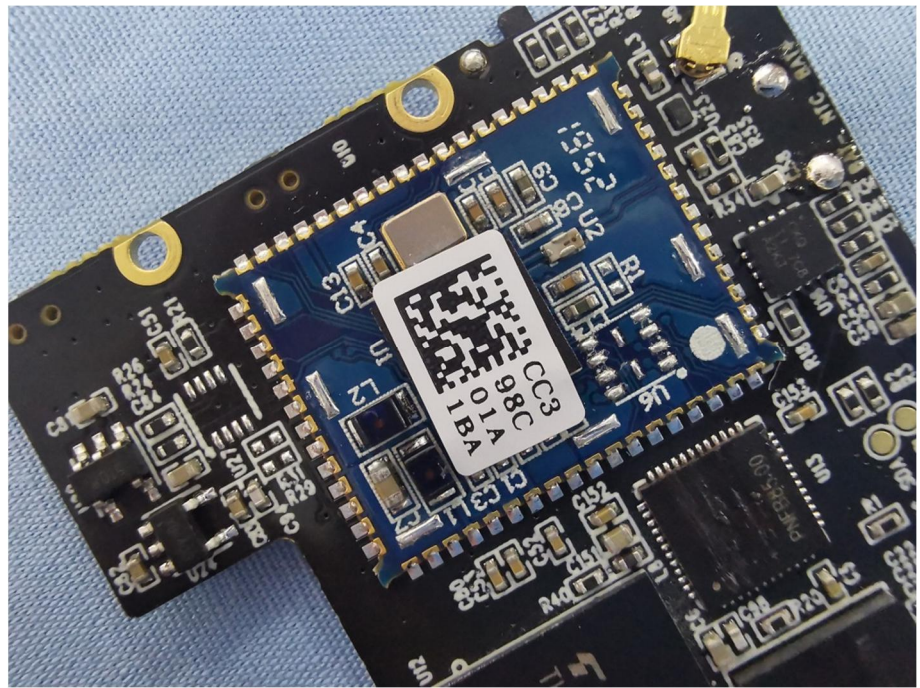

Solder Board-Component View 3	 A photograph of a small electronic component, likely a USB-to-UART bridge, mounted on a printed circuit board (PCB). The component is positioned horizontally. A black cable is connected to one end. The PCB is placed on a black surface with a white millimeter ruler for scale. The ruler shows markings from 0 to 100 mm. The component has a gold-colored section and a black section. Text on the component includes "USB2U", "UART", and "2010-07-09".
Solder Board-Component View 4	 A photograph of the same electronic component from a different angle, showing the underside. The component is positioned horizontally. A black cable is connected to one end. The PCB is placed on a black surface with a white millimeter ruler for scale. The ruler shows markings from 0 to 100 mm. The component has a gold-colored section and a black section. Text on the component includes "USB2U", "UART", and "2010-07-09".
