

**Test Photographs
Lifelens Technologies**

FCC ID: 2AXAK-100006

Retlif Testing Laboratories

Job Number R-3287P-4

Test Photographs
Occupied Bandwidth
Power Output
Power Density
Out of Band Emissions

Test Setup

Retlif Testing Laboratories

Job Number R-3287P-4

Test Photographs Radiated Emissions

Below 1 GHz EUT Configuration

Above 1 GHz EUT Configuration

Retlif Testing Laboratories

Job Number R-3287P-4

Test Photographs Radiated Emissions

30 MHz to 200 MHz, Vertical Polarization, Test Setup

30 MHz to 200 MHz, Horizontal Polarization, Test Setup

Retlif Testing Laboratories

Job Number R-3287P-4

Test Photographs Radiated Emissions

200 MHz to 1000 MHz, Vertical Polarization, Test Setup

200 MHz to 1000 MHz, Horizontal Polarization, Test Setup

Retlif Testing Laboratories

Job Number R-3287P-4

Test Photographs Radiated Emissions

>1GHz, Vertical Polarization, Test Setup

>1GHz, Horizontal Polarization, Test Setup

Retlif Testing Laboratories
