In wired mode, the power button is only used for playing/pausing.

CHARGING

FACTORY RESET

LED BEHAVIORS

Low Battery Reminder:
You'll hear a low battery prompt tone every 10 minutes.
If not charged, the headphones will turn off automatically after 30-60 minutes.

DUAL-DEVICE CONNECTION

Please follow the following steps:

1. Connect the Bluetooth of device A.
2. Turn off the Bluetooth of device A, and the headphones will enter pairing mode.
3. Connect the Bluetooth of device B.
4. Turn on the Bluetooth of device A and connect to OHR703.

The headphones will prioritize playing the music from the last connected device. If you want to play the music from another device, you must first manually pause the music of the current device.

CARE AND MAINTENANCE

- Keep the headset away from heat and humidity.
- Do not put the product under sunlight direct or hot areas. High temperatures will shorten lifespan of the headset, battery and/or the internal circuit board.
- Power off the headset when not in use and before storing.
- Do not try to take the product apart.
- Do not drop or knock your headset on hard surfaces.
- Do not use chemicals or detergents to clean the product.
- Do not scrape the surface with sharp objects.

WARNING
CHOKING HAZARD - Small parts.
Not for children under 3 yrs.

FCC WARNING

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.
Increase the separation between the equipment and receiver.
Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
Consult the dealer or an experienced radio/TV technician for help.
Radiation Exposure Statement
The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
