

HELMET WIRELESS EARPHONE

V1

FCC ID: 2AXEL-V1

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

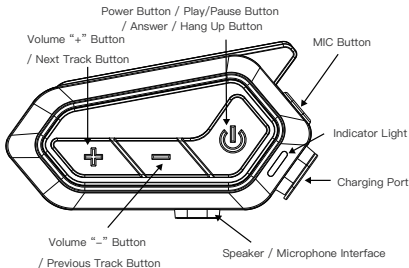

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

| Product Overview

Important Tips:

Before installing the headset, connect it to your phone to test the volume.

If there is a significant volume difference after installing in the helmet, adjust the speaker to a proper position inside the helmet.

Charge the device promptly when hearing the low battery alert.

•Power On / Off

► Turn On / Off the Device

•Voice Assistant

MIC Button

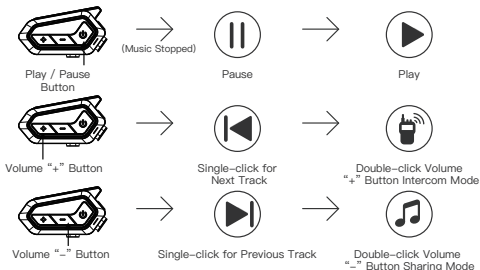

Short Press

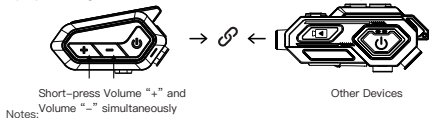

Activate Voice Assistant

•Music Functions

•Bridge Mode On / Off

- After powering on, short-press Volume "+" and Volume "-" simultaneously (cyan light flashes rapidly), ensuring other Bluetooth headsets are not connected to the phone.

1. In Bridge Mode, the connected device cannot be powered off; the other device can only turn off after our device disconnects.
2. Sharing or group chat functions are unavailable in Bridge Mode; only intercom is allowed.

• Music Sharing Pairing

- Double-click Volume “-” to turn Music Sharing Mode on/off
- Devices A/B enter pairing mode, blue indicator flashes

After A/B devices are successfully paired, the blue light flashes intermittently

Headset A: Double-click Volume “-”

Headset B: Double-click Volume “-”

Notes:

1. In Music Sharing Mode, blue light flashes when A/B devices disconnect
2. Volume Up/Down and Play buttons in Music Sharing Mode only control the phone connected to that device

• Intercom Pairing On / Off

- Double-click Volume “+” to turn Intercom Mode on/off. Green light flashes when enabled.

Headset A: Double-click Volume “+”

Headset B: Double-click Volume “+”

•FM Mode

- Double-click MIC to turn FM Mode on/off
- Short-press Volume “+” / Volume “-” to switch to the next/previous station

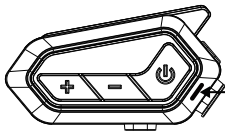

Headset: Double-click MIC

Notes:

- 1.In FM Mode, press the power button to mute; press again to restore sound.
- 2.White noise may occur depending on the environment; it is recommended to use outdoors or in open areas.

•Charging Mode

Red light indicates charging; blue light indicates fully charged

(Device will automatically shut down when charger is plugged in while powered on)

•Accessory List

V1*1

Headset and Microphone 1

Clip Base 1

Microphone Velcro 2

Speaker Velcro 2

Bracket Velcro 1

Thick Double-sided Tape 1

Bracket Velcro 1

Height Spacer 2

Charging Cable 1

User Manual *1

•Note

To ensure high-quality call experience, after installing the hard microphone, make sure the < ► > symbol is aligned with the mouth; otherwise, call noise may occur

If the volume differs significantly from the phone, enable the "Sync Device Volume with Phone" option in the Bluetooth settings after connecting the device

Reset Function: To reset, press and hold the Volume Down button for 18 seconds while the device is powered off. A red light flashing for one second indicates a successful reset.
