

PRODUCT WARNING

**READ AND SAVE THESE INSTRUCTIONS.
TO REDUCE THE RISK OF FIRE, ELECTRIC
SHOCK, OR INJURY TO PERSONS,
OBSERVE THE FOLLOWING:**

1. Ensure your power source conforms to the electrical requirements of this product.
2. Read all instructions before installing and using this product.
3. This camera may become hot during use. Avoid touching it with bare skin until it cools down. Use the mount to move the camera if it's still warm.
4. Do not attempt to hardwire this product. Performing any retrofitting actions may result in personal injury and/or electrical damage and will void this product's warranty.
5. Be careful not to damage or cut the wire insulation (covering) during the installation. Do not permit wires to come in contact with any sharp edges.
6. This product must not be used or placed in potentially hazardous locations such as flammable, explosive, electrical, chemical-laden, or wet atmospheres.
7. Do not cover any power cords with rugs or other fabric materials.
8. Safety precautions should be exercised during the installation, operation, and maintenance of this product.
9. Do not tamper with this product in any manner while it is in operation as it may cause electric shock, fire, or damage to this product.
10. Unplug the power cord before installing or moving this product.
11. Do not operate this product while it is damaged, or if it malfunctions, or has been dropped in any manner.

1

POWERING AND SETUP

STEP 1

Twist the camera head onto the camera mount.

STEP 2

Mount the camera onto your grow tent pole using the clamp.

Adjust the angle of your camera to suit your needs using the side knobs.

Do not over-tighten.

STEP 3

Use the USB cable to connect the camera to the power adapter.

Plug the adapter into an AC power outlet to power it.

3

APP SETUP CONNECTING WITH WI-FI

AC INFINITY APP

Download the AC Infinity app and make sure your camera is plugged in and powered on. Logging in or creating an account beforehand will expedite the pairing process. Have your Wi-Fi network's name and password ready.

STEP 1

Tap on the "+" tab to add your smart device.

STEP 2

Select "Smart Camera."

4

APP SETUP CONNECTING WITH WI-FI

STEP 3
Select "Botanist AI."

STEP 4
Hold the "SETUP" button under the camera for 5 seconds to activate Wi-Fi.

Wait for the camera to chime and the indicator light to flash before releasing the button.

5

APP SETUP CONNECTING WITH WI-FI

STEP 5
Place the QR code in front of the camera to complete the pairing process.

The camera will say "Scanned."

STEP 6
Log in or create an account to continue.

6

APP SETUP CONNECTING WITH WI-FI

STEP 7
Enter your Wi-Fi network's password. You may also connect to an alternate 2.4 GHz router*.

STEP 8
Follow these tips if the pairing process is unsuccessful.

Skip to page 9 if you are pairing this camera with an AI controller (sold separately).

SELECT 2.4 GHz NETWORK

Check for the flashing Wi-Fi icon before attempting to connect with your controller.

WPA/WPA2 NOT SUPPORTED

Move your mobile device closer to your controller and try again.

WI-FI BRIDGE AND EXTENDER

Disconnect from your Wi-Fi bridge or extender; it may be creating unstable Wi-Fi signals. Connect to your primary router.

CORRECT WI-FI PASSWORD

Make sure your Wi-Fi password is correct.

***This device is only compatible with 2.4 GHz frequency band routers. Make sure your mobile device is not connected to a 5 GHz frequency band network.**

7

APP SETUP SOLO CONNECT

STEP 9

Tap the "DONE" button to complete the pairing process.

You will be able to see a live image of your grow.

ADVANCED FEATURES

When you tap on the live image, you will be taken to the Controls page of your camera. There you can access AI insights, playback feeds, and more.

8

APP SETUP PAIRING WITH AI CONTROLLERS

STEP 9

Tap the "LINK WITH CONTROLLER" button to proceed.

STEP 10

Select the controller you'd like to pair your camera with.

You may pair or unpair the camera with your AI controller at any time within the camera settings.

9

APP SETUP PAIRING WITH AI CONTROLLERS

STEP 11

You will be able to see a live image of your grow.

ADVANCED FEATURES

When you tap on the live image, you will be taken to the Controls page of your camera. There you can access AI insights, playback feeds, and more.

Warning:

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

NOTE: This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter

RF Exposure Statement

To maintain compliance with FCC's RF Exposure guidelines, This equipment should be installed and operated with minimum distance of 20cm the radiator your body.

ISED Canada Statement:

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development

Canada 's licence-exempt RSS(s). Operation is subject to the following two conditions:

- 1) this device may not cause interference and
- 2) this device must accept any interference, including interference that may cause undesired operation of the device.

Radiation Exposure: This equipment complies with Canada radiation exposure limits set forth for an uncontrolled environment

RF Exposure Statement

To maintain compliance with IC's RF Exposure guidelines, This equipment should be installed and operated with minimum distance of 20cm the radiator your body. This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter

Déclaration du Canada:

Ce dispositif contient des transmetteurs/récepteurs transmitters exemptés de licence qui sont conformes à l'innovation, à la Science et au développement économique

Les flux RSS du Canada exempts de licences. L'exploitation est soumise aux deux conditions suivantes:

- 1) cet appareil ne doit pas causer d'interférences et
- 2) ce dispositif doit accepter toute interférence, y compris toute interférence pouvant entraîner un fonctionnement indésirable du dispositif.

Exposition au rayonnement: cet équipement est conforme aux limites d'exposition au rayonnement établies par le Canada pour un environnement non contrôlé
noncé d'exposition RF

Pour maintenir le respect des guides d'exposition RF d'IC, l'équipement doit être installé et actionné avec une distance minimale de 20cm le radiateur de votre corps. Cet appareil et ses antennes ne doivent pas être co-localisés ou en opération en conjonction avec toute autre antenne ou émetteur
