INSTALLATION GUIDE

FCC Regulatory Information

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

The Embrava any Sign complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. This device and its antenna(s) must not be co-located or operating in conjunction with any other antenna or transmitter. The device has been evaluated to meet general RF exposure requirements. The antenna(s) used for this transmitter must be installed to provide a separation distance of at least 20 cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Users are not permitted to modify the device. The user's authority to operate the equipment could be void if modifications are made without approval from Embrava Pty Ltd.

Warranty, Safety & Compliance

Limited Warranty Statement

Embrava provides limited warranty on this product. This limited warranty covers any defect in material or workmanship under normal use during the Warranty Period.

This limited warranty does not cover any problem that is caused by misuse of the product.

During the Warranty Period, Embrava will repair or replace, at no charge, products or parts of a product that proves defective because of improper material or workmanship, under normal use and maintenance.

The Warranty Period for this product is two (2) years in Europe and one (1) year in the United States and all other countries from the date of purchase. A proof of purchase is required to access this Warranty. Without a proof of purchase the Warranty Period for this product will be two (2) years in Europe and one (1) year in the United States and all other countries from the date of manufacture.

If you find that your product is defective please visit www.embrava.com/support to log a support ticket requesting a Faulty Device Return Authorization. You will be provided a return address with this authorization where you will be asked to ship the defective device at your expense.

Once the defective device is received and investigated you will be shipped a new or repaired device free of charge.
