

Due to Special usage scenarios and sizes, it is not possible to screen print the label. The label information is reflected in the outer packaging and instructions

Finished Dimensions: 136*97.5*38.5mm

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

FCC ID: 2AXNT-Z11

IC: 28653-Z11

HVIN: Z11

European Union (EU)

CE Statement

This product complies with the essential requirements of the applicable EU directives and regulations, including the Low Voltage Directive (LVD), Electromagnetic Compatibility (EMC) Directive, and Radio Equipment Directive (RED), where applicable. It has been tested and meets the harmonized standards required for CE marking.
