SETTING UP YOUR SMART WATCH

For your best experience, we recommend using the latest version of the app on your iOS and Android phone.

For iPhone
Get the app with the iPhone Health app, or visit the QR code on the back of the smartwatch health app to go to the App Store, sign up for your account, and download the app.

For Android
Visit the Google Play Store to download the app.

1. When the app is installed, open it and follow the instructions that help you create your account, or login to your existing account.
2. Use voice prompts for translation, as well as height, weight, and gender to make various calculations and add to your profile.
3. Tap the Home button of the watch to turn on.
4. Follow the onscreen instructions to set up the language and select your preferred unit of measurement.

EN 01

The diagram illustrates the BT calling process flow. It starts with a user's smartphone displaying a dial pad with a green call button. An arrow points to a server icon labeled 'BT Calling Service'. Another arrow points to a second smartphone displaying an incoming call from a virtual number.

GETTING TO KNOW YOUR SMART WATCH

Wrist Placement

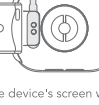

For day-to-day wear, your watch should usually rest a finger's width below your wrist bone and by far, as you would normally wear your watch.

Charge Your Watch

Connect the charging cable to a power supply; the device's screen will light up and display the battery level.

✓ If the smartwatch was in contact with water, please use a clean, dry towel or a microfiber cloth to gently pat the watch, dry, and plug the metal contacts before recharging.
