SETTING UP YOUR SMART WATCH

For your best experience, we recommend using the latest oraimo health app for iOS and Android.

 iOS 12.0 or above

 Android 7.0 or above

Pair With Your Phone

1. Get ready with the oraimo health app, scan the QR code on your watch or find the oraimo health app in one of these locations, depending on your device:

 The App Store for iPhone

 The Google Play Store for Android phone

2. When the app is installed, open it and follow the instructions that help you create your account, or log in to your existing account.

3. Your account asks for information such as height, weight, and gender to make various calculations and tailor your experience using the app. You can modify your information in oraimo health – Account – User.

4. Long press the Upper Button of the watch to turn it on, follow the onscreen instructions to set up the language, and get ready pairing with the phone.

EN 01

Scan the QR code to pair:

Use oraimo health app to scan the QR code on the watch:

EN 02

BT CALLING

Before pairing your phone and the watch for the BT Calling function, make sure the BT for call on the watch is switched on.

Press the home button in the main dial, tap the Call menu item to switch on the BT for call on the watch.

Import your frequently used contacts into the oraimo health app for convenient BT calling directly from your watch.

Some models of phones need to pair two devices with the same name "oraimo Watch Pro NT". One BT device for health data synchronization, the other to be paired for activating the BT calling function.

In Android

In iOS

GETTING TO KNOW YOUR SMART WATCH

Wrist Placement

For all-day wear, your watch should usually rest a finger's width below your wrist bone and lay flat, as you would normally wear a watch.

Tap

Tap the screen to select a button or item.

Tap and hold

Tap the screen and keep your finger in place and then swipe to change the watch face.

Swipe

Swipe left/right/top/down to discover more functions.

Digital Crown

Press to light up the screen or return to the home screen/previous step.

Turn to zoom, scroll, or adjust what's on the screen.

Call: Turn to adjust volume, press once to mute, press twice to hang up.

Upper Button

Press and hold for 3 seconds to turn on/off the watch.

Press and hold for 12 seconds to reboot.

Lower Button

Press to light up the screen or control the stopwatch.

Press and hold for 3 seconds to access the SOS emergency menu (if the function is activated on the oraimo health app).

EN 04

Charge Your Watch

Connect the metal contacts on the charging dock to those on the back of the device, then put them on a flat surface.

Connect the charging cable to a power supply, the device's screen will light up and display the battery level.

If the smartwatch was in contact with water, please use a clean, dry towel or a microfiber cloth to gently pat the watch dry, and wipe the metal contacts before charging.

Wake Up the Watch

Method 1: Press any button to light up the display.

Method 2: Turn your wrist. (This "Raise to Wake" function is active by default. You can turn it off by tapping the Raise to Wake icon.)

Create a Custom AI Watch Face

1. Open the oraimo health app and select "Dial Center". Proceed to the "Create dial" option.

2. Choose your preferred AI technology to produce a unique watch face design.

3. Ensure your watch is near your phone when applying the new watch face.

Note: The creation time may vary based on your internet connection speed.

TROUBLESHOOTING & FAQ

Can't connect with BT.

1. Make sure that your device supports BT Version 5.2 and that your phone system is iOS 12.0 and above or Android 7.0 and above.

2. Make sure that you've set up the BT permission for the oraimo health app.

3. Check if the watch is connected to another phone. If yes, please disconnect and retry.

4. Disconnect the BT on your phone and reconnect after 20 seconds.

Can't find the watch in BT.

1. Make sure that your location services are enabled (GPS is working) and the device has sufficient power.

2. Keep the device screen activated and place it close to your phone.

3. Make sure that the watch is not connected to another phone.

4. Disconnect the Bluetooth on your phone and reconnect after 20 seconds.

If you still cannot find it, please turn off your phone's BT function and reconnect after 20 seconds.

EN 05

Cannot monitor heart rate or blood oxygen.

Make sure that the optical monitoring sensor is in direct contact with your skin. Keep the watch still for 30-60s until the watch prompts that the measurement is complete.

Can't receive notifications after enabling it.

For Android users, please make sure that the device is connected to your phone. Set up notifications permission for the oraimo health app in the phone system as well as in oraimo health app settings. Add the oraimo health app to the trust list if any security software installed prevents it from functioning.

For iPhone users, please make sure that the device is connected to your phone. Reboot your phone and try to reconnect.

Is the product waterproof?

This watch supports IP68 waterproof function. You can wear it while washing hands or washing the car. However, please avoid wearing it while diving or taking showers.

Do I need to connect BT all the time? Will my health and sleep data stored if not connected to the phone?

The data will be kept on the watch for 7 days. When reconnected to the phone, your health and sleep data will be synced automatically. Please synchronize data in time to get maximum safety.

FCC Caution

Labeling requirements.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference.

(2) This device must accept any interference received, including interference that may cause undesired operation.

Information to user

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Information to the user

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

Note: This device and its antenna must not be co-located or operation in conjunction with any other antenna or transmitter.

RF Exposure Statement

This device has been evaluated to meet general RF exposure requirements. The device can be used in portable exposure condition without restriction.

Smart Watch

Model: OSW-850H

Manufacturer: ORAIMO TECHNOLOGY LIMITED

BT: 2400-2480 MHz (FHSS)

Modulation mode: GFSK, 4FSK, OQPSK, 8DPSK(BT), GFSK(BLE)

Max. Output power: T1EDR: 7.23dBm BLE: 7.23dBm

EN 08

EU DECLARATION OF CONFORMITY

An accordance with Annex VI of Directive 2014/53/EU of the European Parliament and of the Council for the following radio equipment:

Model: OSW-850H

Product: Smart Watch

Trade name or Brand: oraimo

Software / Firmware number: V1.0.1 / B02150A.1

2. Name and address of the manufacturer or its authorized representative:

Manufacturer: ORAIMO TECHNOLOGY LIMITED

Address: FLAT N.16/F. BLOCK B UNIVERSAL INDUSTRIAL CENTRE 19-25 SHAN MEI STREET KOWLOON HONGKONG

3. This declaration of conformity is issued under the sole responsibility of the Manufacturer.

4. Object of the declaration (identification of the radio equipment allowing traceability; it may include a colour image or sufficient clarity where necessary for the identification of the radio equipment).

5. The object of the declaration described above is in conformity with the relevant Union harmonization legislation: Directive 2014/53/EU (RED)

6. Reference to the relevant harmonized standards used or references to the other technical specifications in relation to which conformity is declared:

Article 3.1a Health: EN 62479:2010 EN 62466:2017

Article 3.1a Electromagnetic Compatibility: EN 62368-1:2019+A11:2017 EN 62368-2:2019+A11:2020

Article 3.1b: ETSI EN 301 488-1 V2.2.3 (2019-11) ETSI EN 301 488-3 V2.2.3 (2019-09)

Article 3.2: ETSI EN 300 328 V2.2.2 (2019-07)

7. Notified Body Name: Eurasia Electrical and Electronic Testing NA, Inc. Notified Body Number: 0980

Notified Body Assessment Performed: Module B/C in Article 3.1a, 3.1b and 3.2

Notified Body Identification Number: NA.

8. Where applicable, description of accessories and components, including software, which allow the radio equipment to operate as intended and covered by the EU declaration of conformity. User instructions are provided in the User Manual. The Software and Hardware versions are specified above.

9. Additional information

Referring to Article 10.2 of the Directive, this equipment is so constructed that it can be operated in all Member States, without infringing applicable requirements on the use of radio spectrum.

Referring to Article 10.10 of the Directive, there are no restrictions on putting this equipment into service or of requirements for authorization of use. Please refer to the User Manual for details.
