6XD Device Declaration

We, **PepperlFuchs SE**, attest that this client device, FCC ID: **2AXZAS203GR01** complies with the following requirements of Part 15 E of the FCC's rules for the 6GHz bands:

1. The device will only associate and connect with a low-power indoor access point or subordinate device and never directly connect to other client devices.
2. This device will always initiate transmission under the control of a low power indoor AP or subordinate except for brief transmissions before joining a network. These short messages will only occur if the client has detected an indoor AP ord subordinate operating on a channel. These brief messages will have a time-out mechanism such that if it does not receive a response from an AP it will not continually repeat the request.
3. Transmissions will be lower or equal to the power advertised by the indoor low-power access point or subordinate and never above the maximum output power allowed by the FCC grant.
4. Prohibited for control of or communications with unmanned aircraft systems, including drones.

Sincerely,

Pepperl+Fuchs SE
Lilienthalstraße 200
68307 Mannheim
