Subject: Justification for Placement of FCC Compliance Statement

Product Name: TAPE PLAYER

Model No.: T7

FCC ID: 2AY38-T7

Dear Sir/Madam,

Pursuant to FCC Rules and Regulations Part 15.19(a)(5), this letter serves as a formal justification regarding the placement of the required compliance statement for the above-referenced product.

Due to the limited physical size and unique design constraints of the Tape Player (Model: T7), the available surface area for the product label is extremely limited. Printing the full compliance statement required by FCC Part 15.19(a)(3) on the device's main body would result in a font size too small to be legible, which defeats the purpose of the warning.

Therefore, we have opted to place the FCC ID and basic certification marks on the device's label (as shown in the submitted label location photo), while the full required compliance statement will be prominently displayed in the User Manual.

The statement that will be included in the user manual as follows:

"This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation."

Thank you for your understanding and cooperation regarding this matter.

Sincerely,

Signature:
