EXM Mobile 8 Active Speaker

BATTERY POWERED PORTABLE SUBWOOFER

Important Safety Instructions (English)

1. Read and keep these instructions. Heed all warnings and follow all Instructions.
2. Warning: Please refer to any important information (e.g., electrical, safety, etc.) printed on the exterior bottom enclosure or rear panel before installing or operating the product.
3. Water and Moisture: Do not use this apparatus near water. The apparatus shall not be exposed to dripping or splashing and that no objects filled with liquids, such as vases, shall be placed on the apparatus. Electrical equipment should NEVER be kept or stored in damp environments.
4. Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat. Do not place exposed flame sources such as lighted candles on the apparatus.
5. This product should be connected to a power supply only of the type described in these operating instructions, or as marked on the unit.
6. Be careful not to damage the power cord. When moving or not using the appliance, secure the power cord (e.g., wrap it with a cable tie). Before using it again, make sure the power cord has not been damaged. If the power cord has been damaged at all, bring the unit and cord to a qualified service technician for repair or replacement as specified by the manufacturer.
7. Unplug this apparatus during lightning storms or when unused for long periods of time.
8. Only use attachment/accessories specified by the manufacturer.
9. Use only the cart, stand, tripod, bracket or table specified by the manufacturer or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over.
10. Caution
 - 10.1) Danger of explosion if battery is incorrectly replaced. Replace only with the same or equivalent type.
 - 10.2) A warning that batteries (battery pack or batteries installed) shall not be exposed to excessive heat such as sunshine, fire or the like.
 - 10.3) Never disassemble, hit with force, squeeze batteries or dispose of batteries in fire.
 - 10.4) Do not expose batteries in conductive materials, liquid, fire or heat,
 - 10.5) Do not let metal object contact two battery poles. If the battery looks swollen, leaking, discolored, having odor or any abnormal appearance, stop using it.
 - 10.6) Do not use the battery after immersed in water.
 - 10.7) Improper use of battery may lead to explosion or leakage, causing skin burn or other injuries; in the event of battery leakage, handle it with care and immediately dispose of the battery in the manner in compliance with applicable laws and regulations in your locality.
 - 10.8) The battery subjected to extremely low air pressure that may result in an explosion or the leakage of flammable liquid or gas.

11. Do not defeat the safety purpose of the polarized or grounding-type plug.
12. Protective earthing terminal: The apparatus should be connected to a mains socket outlet with a protective earthing connection.

12.1) Denmark (Danmark): Apparatets stikprop skal tilsluttes en stikkontakt med jord, som giver forbindelse til stikproppens jord.

12.2) Finland (Suomi): Laite on liitettävä suojakoskettimillä varustettuun pistorasiaan.

12.3) Norway (Norge): Apparatet må tilkoples jordet stikkontakt

12.4) Sweden (Sverige): Apparatens skall anslutas till jordat uttag.

13. Warning: Provide an earthing connection before the mains plug is connected to the mains. When disconnecting the earthing connection, be sure to disconnect it after pulling the mains plug out from the mains.

14. Where the mains plug or an appliance coupler is used as the disconnect device, the disconnect device shall remain readily operable.

15. Warning: To prevent possible hearing damage, do not listen at high volume levels for long periods.

IC Caution:

- English:

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

(1) This device may not cause interference.

(2) This device must accept any interference, including interference that may cause undesired operation of the device.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

RF exposure statement:

The equipment complies with IC Radiation exposure limit set forth for uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

- French:

Cet appareil contient des émetteurs / récepteurs exemptés de licence conformes aux RSS (RSS) d'Innovation, Sciences et Développement économique Canada.

Le fonctionnement est soumis aux deux conditions suivantes:

(1) Cet appareil ne doit pas causer d'interférences.

(2) Cet appareil doit accepter toutes les interférences, y compris celles susceptibles de provoquer un fonctionnement indésirable de l'appareil.

Tout changement ou modification non expressément approuvé par la partie responsable de la conformité pourrait annuler l'autorité de l'utilisateur à utiliser l'équipement.

Déclaration d'exposition RF:

L'équipement est conforme à la limite d'exposition aux radiations de la IC établie pour un environnement non contrôlé. Cet équipement doit être installé et utilisé avec une distance minimale de 20cm entre le radiateur et votre corps.

FCC ID:2AYAL-EXMMOBILE8, IC:26804-EXMMOBILE8

This lightning flash with arrowhead symbol, within an equilateral triangle, is intended to alert the user to the presence of uninsulated "dangerous voltage" within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons. Ce symbole d'éclair avec tête de flèche dans un triangle équilatéral est prévu pour alerter l'utilisateur de la présence d'un « voltage dangereux » non-isolé à proximité de l'enceinte du produit qui pourrait être d'ampleur suffisante pour présenter un risque de choc électrique.	The DO NOT STACK symbol is intended to alert the user that the product shall not be vertically stacked because of the nature of the product. La symbole NE PAS EMPILER est pour alerter l'utilisateur que le produit ne doit pas être empilé verticalement en raison de la nature du produit.	CAUTION: HOT SURFACE ATTENTION: SURFACE CHAUDE IEC 60417-5041	CAUTION: OVERHEAD LOAD ATTENTION: CHARGE AÉRIENNE	CAUTION: DO NOT PUSH OR PULL NOT TO BE SERVICED BY USERS	CAUTION: DO NOT OPEN DO NOT OPEN
